Overview

Introduction

What is a lottery?

A lottery consists of three elements: prize, chance and consideration.

The first lottery with cash prizes dates back to 1490. Lotteries were authorized to raise money for the colonial army. Additionally, lotteries helped put a roof on the United States Capitol and build educational institutions like Harvard, Yale and Princeton universities.

It wasn't until 1964 that the modern lottery era began in New Hampshire, and since that time, 45 states, the District of Columbia, Mexico, Puerto Rico, the U.S. Virgin Islands and Canada have created lotteries. For a complete historical timeline of lotteries, visit www.naspl.org.

On Nov. 6, 1984, Missouri voters overwhelmingly approved the Missouri Lottery by passing Amendment 5, which repealed a section of the state's constitution prohibiting a lottery. The measure passed with 70% of the vote, making the Missouri Lottery the 23rd lottery in the United States.

Missouri Lottery

Missouri Lottery ticket sales began in January 1986. The Lottery has provided the state, including education, with more than **$8.7 billion** in proceeds, as of publication date. Additionally, 746 players have won life-changing jackpots between $1 million and $893.5 million, totaling more than $4.8 billion. Missouri Lottery retailers have earned more than $2 billion in commissions, incentives and bonuses.

A five-member commission, appointed by the governor and approved by the Senate, governs the Lottery. The executive director oversees the daily operations of the government agency.

The Missouri Lottery is based in Jefferson City with three regional offices located in: Kansas City, St. Louis and Springfield. The Lottery is broken down into five divisions: Division of Sales, Division of Operations, Division of Executive Director's Office, Division of Information Technology, and Division of Marketing.

The Missouri Lottery's Vision:

"*The Missouri Lottery strives to be an innovative leader in the Lottery industry and a trusted and valued partner for public education."*

The Missouri Lottery's Mission:

"To help fund educational opportunities for Missouri students, support Missouri businesses and entertain millions."

- **Product Mission:**
  "To offer creative games that bring fun and dreams into people's lives."
- **Economic Mission:**
  "To responsibly maximize our revenues for Missouri public education and our retail partners."
- **Social Mission:**
  "To commit to responsible gaming practices and the integrity of all our games and products and to enhance the quality of life for the people of Missouri by supporting education and other community partnerships."

Introduction

The Missouri Lottery's Core Values:

Integrity:

We are honest and trustworthy in all interactions with our players, retail partners, vendors, stakeholders and each other. We are committed to responsible gaming practices and the integrity of all our games and products, while being accountable for high standards of individual and team performance. The conduct of one Lottery employee can reflect on the entire organization. We understand that acting with integrity is critical to maintaining the public trust and confidence required to ensure transparency and security at the Missouri Lottery.

Customer-Focused:

We are dedicated to meeting and exceeding the needs, expectations and requirements of our internal and external customers. We seek first-hand customer information and use it to improve our products and services. We act with the customers in mind, while establishing and maintaining their respect and loyalty. We listen to each other with respect and understanding, engaging in two-way communication and recognizing outstanding service. Our organizational focus on our beneficiary stakeholders inspires employees, increases lottery relevance and helps set our strategic direction.

Collaboration:

We have a passion for working closely and building strong relationships with our Lottery team, stakeholders, and Lottery players to achieve the Lottery's goals and objectives. Working together effectively includes listening to what others say with respect and the intent to understand; creating an environment where everyone feels valued and supported; engaging in two-way communication and dialogue; providing support and encouragement to each other; and sharing ideas, knowledge and resources freely for the common good. We are committed to providing a positive, professional work environment for all employees, one that is respectful and free of any harassment or discriminatory behavior or practices.

Entertainment:

We strive daily to create emotional connections and provide highly enjoyable customer experiences at every customer touchpoint. We make our games, promotions and services as fun and meaningful as possible for as many people as possible. Our employees' passion and enthusiasm for positively changing people's lives helps shape our fun and entertaining culture.

The Missouri Lottery's Aspirational Value:

Innovation:

We combine our knowledge of customer needs, current and future market trends, industry best practices and advances in technology with our passion for creativity. The outcome is continuous momentum toward - and proactive development in - the improvement of Lottery products and services, partnerships and ways of doing business. Our focus on innovation translates into opportunities for personal growth for our employees, increased customer satisfaction and enhanced financial benefits for our retail partners and public education in Missouri.

Missouri Lottery's Historical Timeline

1984	**Nov. 6**	Missouri voters approve Amendment 5, which gave the Legislature the authority to establish a state lottery. Seventy percent of voters approved the measure.
1985	**June 11**	Senate Bill 44, which created the Missouri Lottery, is passed.
1986	**Jan. 20**	Missouri Lottery sales begin with the first Scratchers® game "Jackpot '86."
	Feb. 13	A player, who purchased a ticket in Kansas City, becomes the Lottery's first millionaire. He won $2.1 million in the Lottery's "Jackpot!" wheel spin.

Problem Gambling Help Line 1-888-BETSOFF (1-888-238-7633)

Website, *My Lottery*® and Social Media

Website

The Missouri Lottery's website, MOLottery.com, is a central hub for all Lottery-related information. Players can find past winning numbers, current Draw Games jackpots, unclaimed Draw Games prizes of $50,000 or more, Scratchers ticket information (including unclaimed Scratchers prizes), Lottery proceeds information, winning ticket stories and more.

My Lottery® Players Club and Missouri Lottery App

The Missouri Lottery's free player loyalty program, *My Lottery* Players Club, first debuted in September 2003.

Registration is **FREE**, and it gives players exclusive member benefits, such as:

- Completing Rewards to earn Draw Points, Prize Points and coupons by entering Scratchers and Draw Games tickets. Draw Points can be entered into Points for Drawings, and Prize Points can be redeemed for prizes like All Games coupons (eligible for Scratchers and/or Draw Games tickets), digital downloads and gift cards;
- Receiving entry into all eligible second-chance promotions;
- Receiving a birthday coupon for $1 off any Missouri Lottery Draw Game, as well as promotional coupons.

Players can take advantage of all the perks with the *My Lottery* Players Club and more when they download the Missouri Lottery app, which allows players to:

- Scan tickets to see if a ticket is a winner and for easy entry towards *My Lottery* Rewards;
- Create digital playslips with their favorite numbers, which can be scanned at retail locations to produce a Draw Games ticket.

To become a *My Lottery* member, users are verified to be at least 18 years of age. We do not collect personal information that is not relevant to us in conducting our business, nor do we sell or rent personal information to anyone.

Social Media

Lottery players can connect with us by liking the Missouri Lottery on Facebook, following the Missouri Lottery on X or Instagram, and watching videos on YouTube. The Lottery also offers players the chance to enter contests via social media for the opportunity to win prizes such as Lottery merchandise, Scratchers® tickets and Draw Games coupons.

Scams and Spam

Phony Promotions, Illegal Schemes and Bogus Emails (Spam)

According to the Federal Trade Commission (FTC), consumers in the United States and other countries lose billions of dollars each year to fraudulent telemarketers, spam emailers, misleading advertisements and fake social media accounts that entice consumers into phony prize promotions and illegal foreign lottery schemes.

When it comes to fraud, being an alert and informed consumer is the best way to protect yourself.

Recognizing Legitimate Contacts from the Missouri Lottery

To claim a Missouri Lottery prize, you will NEVER be required to send any money or give personal information by email, over the phone or through social media in an effort to collect promised winnings.

There are only a few instances that the Missouri Lottery may require a player to submit some personal information. These instances include:

1. Supplying their Social Security number on a Lottery provided claim form for prizes over $600. **This information is never collected over the phone or by email.**
2. Verifying a winner's phone number and shipping address for prize redemption if the winner has entered promotions at MOLottery.com or one of the Lottery's social media contests and is selected as a prizewinner.

You will never be asked to submit private information or family data, like your mother's maiden name.

Missourians who receive unwanted telemarketing calls, unsolicited mail, spam text or email, or social media messages can contact the Missouri Attorney General's Consumer Protection Division at 1-800-393-8222 or www.ago.mo.gov.

Scams and Spam

Logos, Links & Speakers Bureau

Logos

Missouri Lottery corporate and game logos are registered trademarks and/or service marks and may be used with permission from the Lottery. Logos are available via electronic transfer. Art is provided as Encapsulated Postscript File (EPS), JPG and GIF images. Logos produced at web resolutions can also be found in the Media Center at MOLottery.com, as well as usage guidelines for all Missouri Lottery corporate and game logos.

To Add the Lottery as a Link to Your Organization's Website

The Lottery offers businesses and organizations the opportunity to add the Lottery's logos to their websites to serve as a link to any of the following information:

1) Winning numbers and estimated jackpots
2) Winning tickets and promotions
3) How-to-play information
4) Unclaimed prizes
5) Instructions on how to claim a prize
6) Responsible gaming
7) Where Lottery proceeds go

Missouri Lottery Speakers Bureau

The Missouri Lottery provides speakers free of charge. Attendees can learn how Lottery proceeds benefit education, earn income for local businesses and provide life-changing prizes for players. To arrange a presentation, interested individuals can contact the Speakers Bureau Coordinator, Andrea Collette, at (573) 751-0273 or email Andrea.Collette@MOLottery.com.

MOLottery®

The Games

Game Information

Players must be 18 years or older to purchase a Missouri Lottery ticket.

18+ Play | Responsibly

Scratchers

The Missouri Lottery has offered players more than 1,500 different Scratchers games ranging from $1 to $50 since the Lottery began in January 1986. These games have paid out prizes ranging from a free ticket to $10 million.

Overall chances vary from game to game due to the variance in prize structures. Generally, Scratchers games have average chances of winning of 1 in 4, ranging from 1 in 4.81 in the $1 games to 1 in 2.92 in $50 games. Overall, approximately 74% of Scratchers sales are returned as prizes – ranging from 62% in $1 games to 80% in $50 games.

Draw Games

All Draw Games include an opportunity for players to select their own lucky numbers or let the computer select the number(s) by using the Quick Pick feature. The percentages of Quick Pick sales for Draw Games overall is 45%. The percent of sales using Quick Pick by game are*:

Mega Millions – 85%
Powerball – 82%
MO Millions – 77%
Cash4Life – 70%
Show Me Cash – 66%
Cash Pop – 24%
Club Keno – 25%
Pick 3 – 7%
Pick 4 – 7%

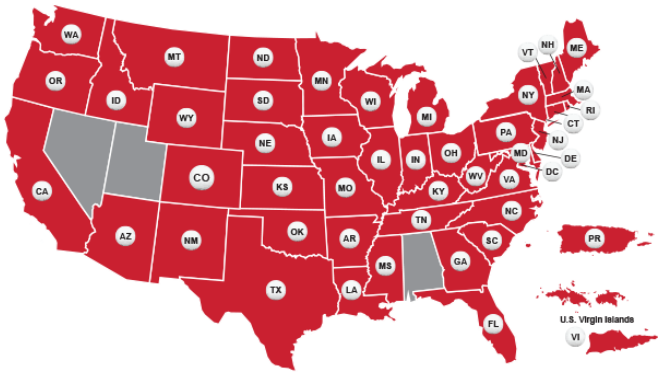
*As of 1/1/2026

Ticket Tips

- **Ensure the wager on the Draw Games ticket is the one you requested before you exchange money for the ticket.** It is the responsibility of the player to ensure that their ticket has the correct information, like the numbers played, dates played, type of play, etc.
- **Know when your tickets expire.** Draw Games tickets expire 180 days after the last winning draw date on the ticket. Scratchers games expire 180 days after the official game ending date. Official Scratchers game ending dates and expiration dates can be found at MOLottery.com
- **Sign your ticket.** Fill out and sign the back of your ticket immediately.
- **Keep tickets in a safe place.** In order to claim any Lottery prize, you must have your ticket. Just like dollar bills, Lottery tickets are bearer instruments.
- **Always allow extra time for any damaged ticket you send to the Lottery for verification.** Damaged tickets will take more time to process. From time to time, the Lottery receives tickets from players that have been destroyed by things like washing machines. Unfortunately, most of these tickets have been too badly damaged for the Lottery to reconstruct.

Powerball®

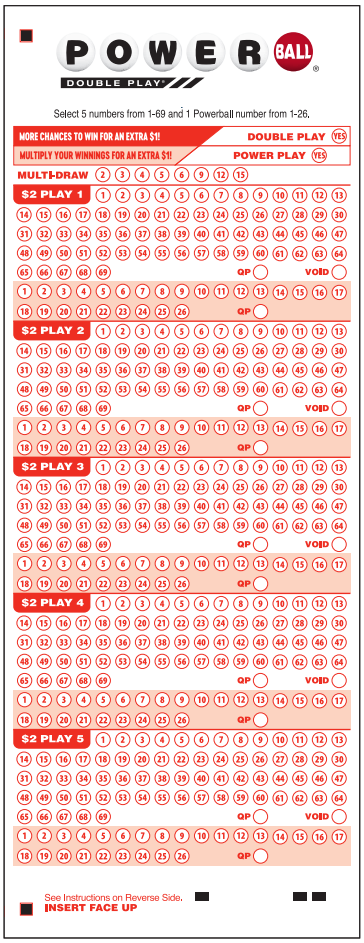
Powerball is a multi-state Draw Game run by the Multi-State Lottery Association (MUSL) in Urbandale, Iowa. Drawings are held in Tallahassee, Florida. There are currently 48 members in Powerball, including: Arizona, Arkansas, California, Colorado, Connecticut, Delaware, D.C., Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virgin Islands, Virginia, West Virginia, Washington, Wisconsin and Wyoming.



The game began as Lotto America on Feb. 3, 1988, and changed to Powerball on April 19, 1992. Lotto America was also known in Missouri as Missouri's Megabucks before changing to Powerball. Starting jackpot amounts and jackpot increases for each draw when the jackpot is not won are based on current game sales and interest rates.

To Play Powerball

- Select five different numbers from 1 to 69.
- Choose the Powerball number from 1 to 26.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.



Game Options

- **Multi Draw:** Play the same numbers for up to 15 consecutive drawings. Powerball can be played for 1, 2, 3, 4, 5, 6, 9, 12 or 15 consecutive drawings. Each play costs $2.
- **Power Play:** Power Play is an optional play feature that allows a winner to increase their original prize amount. Powerball Power Play prizes can be increased 2, 3, 4, 5 or 10 times their base value, depending on the Power Play number drawn. The "10X" Power Play is in play when jackpots are under $150 million. Power Play applies to prizes from $4 to $50,000; the Match 5 prize with Power Play is always $2 million, regardless of the Power Play number.
- **Double Play:** Double Play is an optional play feature that allows Powerball players to play their numbers in a second drawing for an additional $1 per play. Double Play drawings are held following the main Powerball drawing on Mondays, Wednesdays and Saturdays. Players who add Double Play to their Powerball tickets have the chance to win up to $10 million, in addition to the chance to win in the main Powerball drawing!

- **Powerball "Jackpot Reset" Promotion:** The Powerball "Jackpot Reset" promotion kicks in whenever a Powerball jackpot is hit and the jackpot resets. For the next seven days, it will offer players a free $2 Powerball ticket with a qualifying purchase.

Payment Options

Jackpot winners have 60 days from the claim date to choose the annuity or lump-sum cash payment option. If an option is not selected after 60 days, payment automatically defaults to the graduated annuity option.

- **Jackpot payments (annuity):** 30 graduated annuity payments (payments that increase each year) over 29 years.
- **Lump-sum payment (cash):** The cash option prize is approximately half of the advertised jackpot. If a winner chooses the cash option, they will get the cash the Lottery would have invested over the 29-year annuity period in order to pay the advertised prize amount.

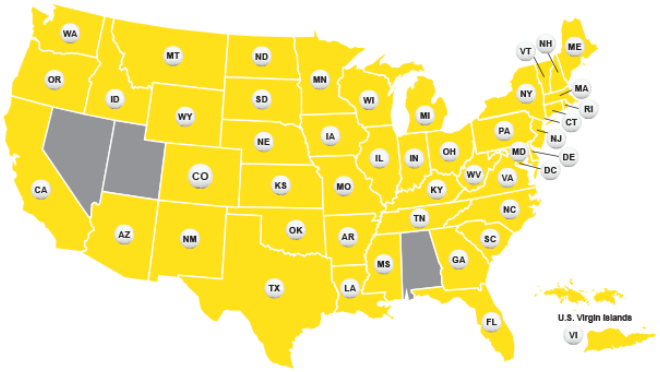
Total $1 million+ "Match 5" prizes won in Missouri since the 2012 game change (as of Jan. 1, 2026):	77
Total $50,000+ third-tier prizes won in Missouri since the 2015 game change (as of Jan. 1, 2026):	532 - Main Drawing 16 - Double Play Drawing
Average jackpot won in Missouri:	$97.8 million
Average winners per draw:	9,424
Percent of sales using Quick Pick:	82%
Largest jackpot won:	$2.04 billion on Nov. 7, 2022, to a winner in California
Largest jackpot won in Missouri:	$893.7 million on Sept. 6, 2025 claimed from a ticket purchased in St. Louis. (Split with another ticket holder in Texas)

Mega Millions®

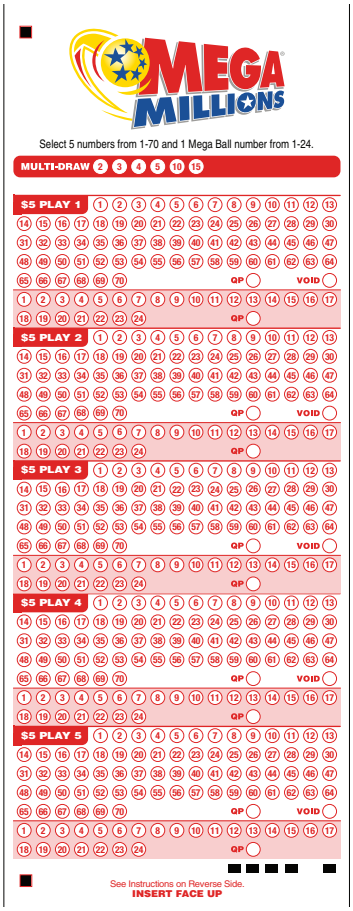
Mega Millions is a multi-state Draw Game, similar to Powerball. Drawings are held in Atlanta, Georgia. There are currently 47 members in Mega Millions, including: Arizona, Arkansas, California, Colorado, Connecticut, Delaware, D.C., Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virgin Islands, Virginia, Washington, West Virginia, Wisconsin and Wyoming.



Mega Millions officially began in Missouri on Jan. 31, 2010. Starting jackpot amounts and jackpot increases for each draw when the jackpot is not won are based on current game sales and interest rates.

To Play Mega Millions

- Select five different numbers from 1 to 70.
- Select one Mega Ball between 1 and 24.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.



Game Options

- **Multi Draw:** Play the same numbers for up to 15 consecutive drawings. Mega Millions can be played for 1, 2, 3, 4, 5, 10 or 15 consecutive drawings. Each play costs $5.
- **Multiplier:** Each $5 play automatically receives a randomly generated Multiplier (2X, 3X, 4X, 5X, or 10X) at the time of purchase. A Multiplier will be printed next to each play on the ticket. The Multiplier will only apply to that same play and does not apply to the Jackpot.
- **Mega Millions "Jackpot Reset" Promotion:** The Mega Millions "Jackpot Reset" promotion kicks in whenever a Mega Millions jackpot is hit and the jackpot resets. For the next seven days, it will offer players a free $5 Mega Millions ticket with a qualifying purchase.

Mega Millions®

Payment Options

Jackpot winners have 60 days from the claim date to choose the annuity or lump-sum cash payment option. If an option is not selected after 60 days, payment automatically defaults to the graduated annuity option.

- **Jackpot payments (annuity):** 30 graduated annuity payments (payments that increase each year) over 29 years.
- **Lump-sum payment (cash):** The lump-sum cash option prize is approximately half of the advertised jackpot. If a winner chooses the cash option, they will get the cash the Lottery would have invested over the 29-year annuity period in order to pay the advertised prize amount.

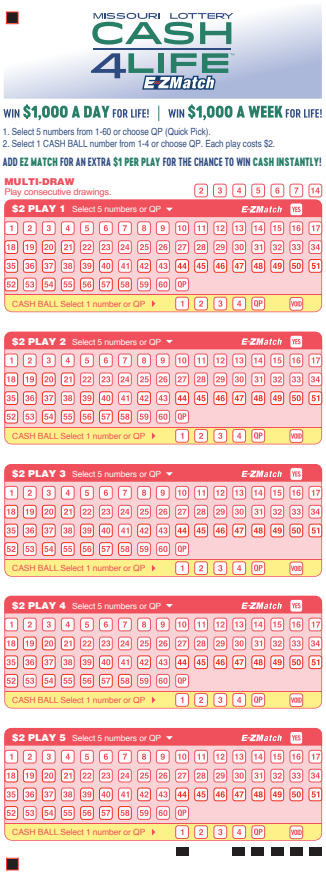
Cash4Life®

Cash4Life is a multi-state Draw Game that offers a top prize of $1,000 a day for life. Drawings are held in Trenton, New Jersey. There are currently 10 members in Cash4Life including: Florida, Georgia, Indiana, Maryland, Missouri, New Jersey, New York, Pennsylvania, Tennessee and Virginia. The Draw Game officially began in Missouri on April 11, 2021.

To Play Cash4Life

- Select five different numbers from 1 and 60.
- Select one CASH BALL number from 1 and 4.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.



Game Options

- **Multi Draw:** Play the same numbers for up to 14 consecutive drawings. Cash4Life can be played for 1, 2, 3, 4, 5, 6, 7 or 14 consecutive drawings. Each play costs $2.
- **EZ Match:** For an additional $1 per play, players can add EZ Match for a chance to win up to $500 instantly. Once the EZ Match option is chosen, five EZ Match numbers will print on the Cash4Life ticket below the Cash4Life numbers. If any of the EZ Match numbers match the selected Cash4Life numbers (regardless of the order), the player instantly wins the prize amount printed next to the matched EZ Match number(s). Note that the CASH BALL is not included in EZ Match.

Payment Options

- **Top prize payments (annuity)**: Both top and second-tier annuity prizes are paid out over a minimum of 20 years.
- **Lump-sum payment (cash)**: The lump-sum cash option prize is approximately half of the guaranteed amount - $7 million for top prize; $1 million for second prize. The top prize is always pari-mutuel. The second prize is only pari-mutuel if the prize liability reaches $5 million. If a winner chooses the cash option, they will get the cash the Lottery would have invested over the 20-year annuity period in order to pay the advertised prize amount.

3 white balls	$25	490
2 white balls + CB	$10	83
2 white balls	$4	28
1 white ball + CB	$2	13

Overall chances of winning: 1 in 8 for each $2 play

*Top Prize**:** 5 white balls + Cash Ball
Top-prize winners may choose a lump sum cash option of $7 million or an annual installment option of $365,000. Winners who choose the annual installment option are entitled to no less than 20 annual installment payments.

If there is more than one top-prize winner for any drawing, the prize will be paid on a pari-mutuel basis, as outlined in the game rules.

Second Prize:** 5 white balls + No Cash Ball
Second-prize winners may choose a lump-sum option of $1 million or an annual installment option of $52,000. Winners who choose the annual installment option are entitled to no less than 20 annual installment payments.

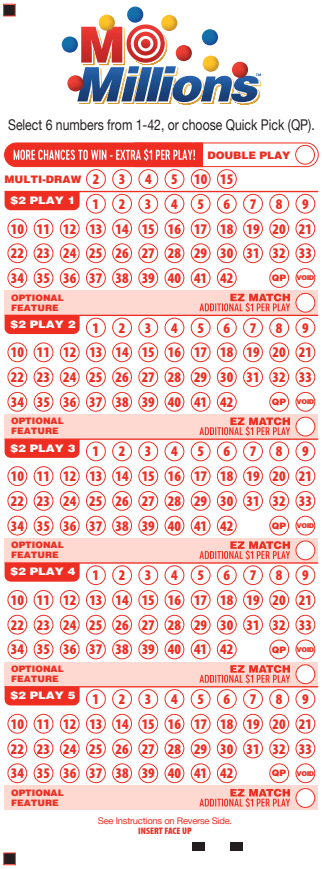
If the second-prize liability for any drawing exceeds $5 million, the prize will be paid on a pari-mutuel basis, as outlined in the game rules.

All prizes are rounded to the nearest dollar. For complete game rules, go to MOLottery.com.

MO Millions is an in-state Draw Game that costs $2 per play and includes a built-in Bulls-Eye feature. Each drawing, one of the 6 winning numbers will be randomly selected as the Bulls-Eye number.

To Play MO Millions

- Select one set of six different numbers between 1 and 42.
- Each drawing, one of the 6 winning numbers will be randomly selected as the Bulls-Eye number.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.



Game Options

- **Multi Draw:** Play the same numbers for up to 15 consecutive drawings. MO Millions can be played for 1, 2, 3, 4, 5, 10 or 15 consecutive drawings. Each play costs $2.
- **EZ Match:** For an additional $1 per play, players can add EZ Match for a chance to win up to $500 instantly. Once the EZ Match option is chosen, six EZ Match numbers will print on the MO Millions ticket below the MO Millions numbers. If any of the EZ Match numbers match the selected MO Millions numbers (regardless of the order), the player instantly wins the prize amount printed next to the matched EZ Match number(s).
- **Double Play:** The Double Play feature allows MO Millions players to play their same numbers in a second drawing with a chance to win up to $50,000! Double Play drawings are held immediately following the main MO Millions drawing on Wednesdays and Saturdays. MO Millions tickets with Double Play are eligible to win any prize in the main MO Millions drawing as well as the Double Play drawing, or both.
- **Bulls-Eye:** Each drawing, one of the 6 winning numbers will be randomly selected as the Bulls-Eye number. Matching this number increases any prize except the jackpot.

Payment Options

Jackpot winners have 60 days from the claim date to choose an annuity or lump-sum payment option. If players do not choose an option after 60 days, payment automatically defaults to the annuity option.

- **Jackpot payments (annuity):** Prize is paid out in 30 payments over 29 years.
- **Lump-sum payment (cash):** The lump-sum cash option prize is approximately half of the advertised jackpot. If a winner chooses the cash option, they will get the cash the Lottery would have invested over the 29-year annuity period in order to pay the advertised prize amount.

Pick 3

Pick 3 is a twice-daily cash in-state Draw Game that offers players a chance to win up to $600. It officially began on Feb. 26, 1987.

To Play Pick 3

- Pick three numbers between 0 and 9; select a play amount.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.
- Select play type.
- Select "Midday," "Evening" or "Both" depending on the drawings desired.

Game Options

- **Multi Draw:** Play the same numbers for up to 14 consecutive drawings (Midday or Evening). Pick 3 can be played for 1, 2, 3, 4, 5, 6, 7 or 14 consecutive draws.
- **Play Types:** Decide the order of your numbers: Straight, Box, Straight/Box, Front Pair, Back Pair or Combo.
  Straight: Match your numbers in exact order as drawn.
  Box: Match your numbers in any order.
  Straight/Box: Match your numbers in exact order or any order.
  Front Pair: Match the first two digits in exact order.
  Back Pair: Match the last two digits in exact order.
  Combo: Gives all possible three-number combinations of the chosen numbers for an exact-order win.
- **Wild Ball:** For an additional $.50 or $1 per play, Wild Ball is an option that replaces any of the winning Pick 3 numbers with the Wild Ball number to create more winning combinations and more ways to win.
- **EZ Match:** For an additional $1 per play, players can add EZ Match for a chance to win up to $500 instantly. Once the EZ Match option is chosen, three EZ Match numbers will print on the Pick 3 ticket below the Pick 3 numbers. If any of the EZ Match numbers match the selected Pick 3 numbers (regardless of the order), the player instantly wins the prize amount printed next to the matched EZ Match number(s).

Liability Limits

Two Missouri Lottery games – Pick 3 and Pick 4 – have liability limits, meaning players may be denied the purchase of numbers when a certain number of tickets with a particular combination have been sold. Liability limits have been placed on these games to keep the Lottery from selling more winning tickets than it can pay. The liability limit is $2 million for Pick 3. Setting liability limits is standard in the lottery industry on games with fixed payouts.

Pick 3

Game Details

Cost: 50 cents or $1 per play, excluding Combo;
$1 additional for EZ Match;
50 cents or $1 additional for Wild Ball

Pick 3 - Wild Ball

The Wild Ball is drawn immediately following each Pick 3 drawing. Players can even win multiple Wild Ball prizes on the same play!

Here is an example of how the Wild Ball replaces any winning number to create more ways to win. You select 1-1-2 as your Pick 3 numbers, choosing Box as the play type for $1 and adding the Wild Ball option for an additional $1. The winning Pick 3 numbers drawn are 1-1-1 and the Wild Ball is 2. The Wild Ball, 2, will replace any of the Lottery-drawn numbers creating three new winning combinations – in this case, 2-1-1, 1-2-1 and 1-1-2 – for THREE Wild Ball Box prizes of $68 each for a total Wild Ball win of $204 ($68 x 3).

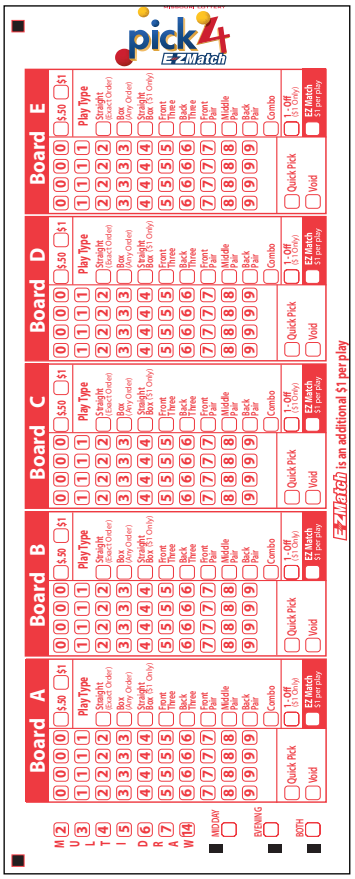
Prizes above reflect $1 Pick 3 base play + Wild Ball.

Pick 4

Pick 4 is a twice-daily cash Draw Game that offers players a chance to win up to $6,000. The game officially began on Nov. 2, 1998.

To Play Pick 4

- Pick four numbers between 0 and 9, and select a play amount.
- Or use Quick Pick ("QP") to allow the computer to choose the numbers randomly.
- Select play type.
- Select "Midday," "Evening" or "Both" depending on the drawings desired.



Game Options

- **Multi Draw:** Play the same numbers for up to 14 consecutive drawings (Midday or Evening). Pick 4 can be played for 1, 2, 3, 4, 5, 6, 7 or 14 consecutive draws.
- **Play Types:** Decide the order of your numbers: Straight, Box, Straight/Box, Front Pair, Middle Pair, Back Pair, Front Three, Back Three or Combo.
  - **Straight:** Match your numbers in exact order as drawn.
  - **Box:** Match your numbers in any order.
  - **Straight/Box:** Match your numbers in exact order or any order.
  - **Front Pair:** Match the first two digits in exact order.
  - **Middle Pair:** Match the middle two digits in exact order.
  - **Back Pair:** Match the last two digits in exact order.
  - **Front Three:** Match the first three digits in exact order.
  - **Back Three:** Match the last three digits in exact order.
  - **Combo:** Gives all possible four-number combinations of the chosen numbers for an exact-order win.
- **Wild Ball:** For an addtional $.50 or $1 per play, Wild Ball is an option that replaces any of the winning Pick 4 numbers with the Wild Ball number to create more winning combinations and more ways to win.
- **EZ Match:** For an additional $1 per play, players can add EZ Match for a chance to win up to $500 instantly. Once the EZ Match option is chosen, four EZ Match numbers will print on the Pick 4 ticket below the Pick 4 numbers. If any of the EZ Match numbers match the selected Pick 4 numbers (regardless of the order), the player instantly wins the prize amount printed next to the matched EZ Match number(s).

Liability Limits

Two Missouri Lottery games – Pick 3 and Pick 4 – have liability limits, meaning players may be denied the purchase of numbers when a certain number of tickets with a particular combination have been sold. Liability limits have been placed on these games to keep the Lottery from selling more winning tickets than it can pay. The liability limit is $2 million for Pick 4. Setting liability limits is standard in the lottery industry on games with fixed payouts.

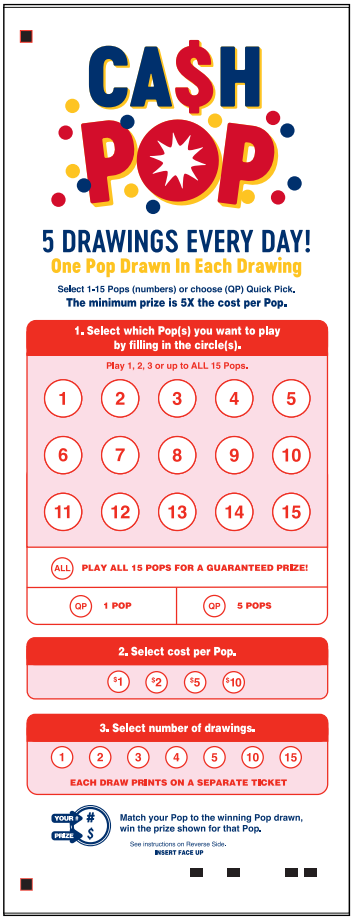
Cash Pop™

Cash Pop is an in-state Draw Game that offers players an opportunity to win up to $2,500. One Cash Pop number is drawn in each of five daily drawings. The Draw Game officially began May 22, 2022.

To Play Cash Pop

- Select which Pop(s) you want to play. (Your Pops are your numbers.)
- Select your Pop(s) between 1 and 15, or use Quick Pick (QP) to allow the computer to choose the numbers randomly.
- Select the dollar amount you want to play – $1, $2, $5 or $10 – per Pop. The higher the amount played per Pop, the higher the possible prize.
- Choose the number of drawings to play your Pop(s). Cash Pop can be played for 1, 2, 3, 4, 5, 10 or 15 consecutive drawings.



Game Details

Overall chances of winning:	1 in 15
Cost:	$1, $2, $5 or $10 per Pop
Drawings:	5 times daily: Early Bird at 8 a.m.; Late Morning at 11 a.m.; Matinee at 3 p.m.; Prime Time at 7 p.m.; Night Owl at 11 p.m.
No ticket sales:	2 to 5 a.m. daily
Average daily winners:	1,221
Percentage of sales using Quick Pick:	24%

Prizes are printed on Cash Pop tickets below each selected Pop. Prize amounts are variable and based on the dollar amount played per Pop.
Prize amounts are at least 5X the amount played per Pop.

Club Keno®

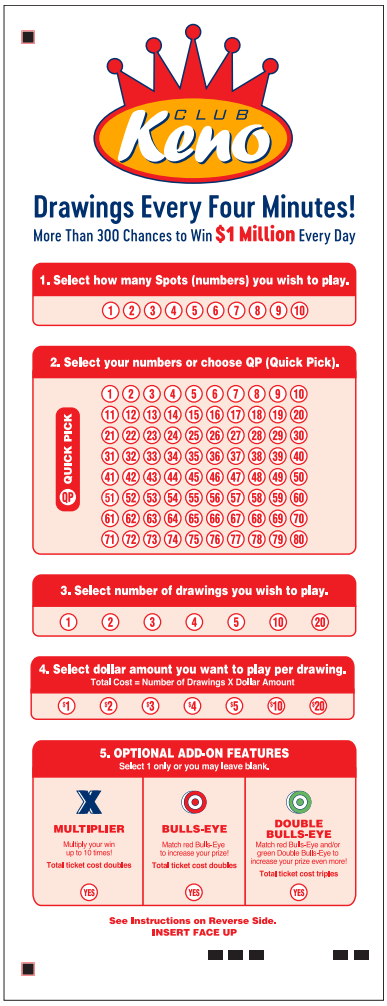
Club Keno is a daily Draw Game that gives players a chance to win up to $100,000 per $1 ticket or up to $1 million with add-on options. Drawings are held every four minutes from 5:04 a.m. to 1:52 a.m.

The traditional Club Keno is available at approximately 800 social environment locations like restaurants, bars and fraternal organizations. The drawings are shown on video monitors at the retail location. The Draw Game officially began on May 28, 2002.

Keno To Go is available at convenience stores, grocery stores and similar locations.

To Play Club Keno

- To play, choose how many different numbers (also called "Spots") you want to play from 1 to 10 or by using Quick Pick. Twenty numbers from a field of 1-80 will be chosen randomly by the computer. Players win for the drawing they played if their numbers match those drawn. The more numbers a player matches, the more they will win. Players can even win by not matching any Spots in a 10-Spot game. Club Keno® can be played for 1, 2, 3, 4, 5, 10 or 20 consecutive draws.



Optional Add-On Features

- **Multiplier:** This option provides the opportunity to multiply a prize up to 10 times the base amount, up to $1 million. Multiplier doubles the cost of the play.
- **Bulls-Eye:** This option provides larger prizes and more chances to win. Bulls-Eye doubles the cost of the play.
- **Double Bulls-Eye:** This option provides more chances at larger prizes and more chances to win. Double Bulls-Eye triples the cost of the play.

Progressive Jackpot with 6-, 7- and 8-Spot Games

The 6-, 7- and 8-Spot games have an extra rolling jackpot prize called Progressive jackpot. Players are automatically eligible if they choose to play any of these three Spots. **There is no additional cost and nothing additional to mark on the playslip.** The Progressive jackpot feature adds a rolling jackpot bonus prize in addition to the regular top prizes on these Spots (6 of 6, 7 of 7 or 8 of 8 numbers matching those drawn). It is a pari-mutuel jackpot prize, meaning the prize varies depending on the total amount played and number of winners. If a player matches all the numbers on a 6-, 7- or 8-Spot game, the player will automatically win both the regular prize and the rolling jackpot bonus prize. If the jackpot is not won during the drawing, it continues to grow.

Progressive Jackpot on Club Keno Monitor

The Club Keno Progressive jackpot amount is the base play for that Spot play and bonus jackpot amount. Example: The base for matching all eight numbers on an 8-Spot game is $10,000. When the monitor displays $10,500 for the 8-Spot Progressive jackpot, it is equal to the $10,000 base plus the jackpot bonus amount (in this case, $500).

Multiplier Feature

With this feature, players have the option to win up to 10 times the prize amount on all Club Keno base prizes (up to $1 million). Before each drawing, a wheel is spun to determine the Multiplier number for that drawing. The wheel includes 80 slots with the numbers 1, 2, 3, 4, 5 and 10. Those numbers represent the amount of the Multiplier. See the chart below for overall chances for the Multiplier. Multiplier costs an additional $1 per $1 play.

Multiplier Number	Number of times each number appears on the wheel	Overall chances of number being selected is 1 in:
1X	32	2.5
2X	34	2.35
3X	5	16
4X	5	16
5X	3	26.67
10X	1	80

Chances of at least 2 being selected are 1 in 1.67

Bulls-Eye Feature

The Bulls-Eye option offers larger prizes and more chances to win. One of the winning 20 numbers drawn every four minutes is the red Bulls-Eye number. Every time a player adds Bulls-Eye and matches the Bulls-Eye number, they will win bigger prizes. Players can win a Bulls-Eye prize even if they don't win a Club Keno prize. There are three ways to win when Bulls-Eye is added:

1. Match your number to the Bulls-Eye number drawn with no other Club Keno numbers matching those drawn.
2. Match your number to the Bulls-Eye number and additional Club Keno numbers drawn.
3. Match your Club Keno numbers to those drawn with no Bulls-Eye number match.

The total cost of the transaction will be doubled, meaning the Bulls-Eye wager will always match the amount of your Club Keno wager.

Club Keno®

Double Bulls-Eye Feature

The Double Bulls-Eye option offers even larger prizes and more chances to win. During every Club Keno drawing, 20 winning numbers are drawn. At the end of that drawing, one of those numbers is selected as the red Bulls-Eye number. With the addition of Double Bulls-Eye, a second Bulls-Eye number (green) will be drawn after the first Bulls-Eye number has been drawn. Players who play Double Bulls-Eye will win when they match either the red or green Bulls-Eye number and even more when they match both Bulls-Eye numbers for Double Bulls-Eye. There are five ways to win when Double Bulls-Eye is added to a Club Keno Play:

1. Match the Club Keno numbers played to **either** the red **or** green Bulls-Eye numbers with **no** other Club Keno numbers matching those drawn.
2. Match the Club Keno numbers played to **either** the red **or** green Bulls-Eye numbers **and** additional Club Keno numbers drawn.
3. Match the Club Keno numbers played to **both** the red **and** green Bulls-Eye numbers (Double Bulls-Eye) with **no** other Club Keno numbers matching those drawn.
4. Match the Club Keno numbers played to **both** the red **and** green Bulls-Eye numbers (Double Bulls-Eye) **and** additional Club Keno numbers matching those drawn.
5. Match the Club Keno numbers played to those drawn with no Bulls-Eye numbers matched.

Club Keno plays with Double Bulls-Eye cost an extra $2 per $1 Club Keno play ($1 Club Keno + $2 Double Bulls-Eye = $3 per Double Bulls-Eye wager).

Pull-Tabs

The Pull-Tabs dispenser is a modern instant ticket vending machine that dispenses Pull-Tabs tickets, while displaying the results of each ticket with an animation on the dispenser's monitor. Each game, or "Deal," has a predetermined amount of winners.

To Play Pull-Tabs

- Select one of six different Pull-Tabs games to play.
- The screen will display a number of symbols. The amount of matching symbols will determine how many wins the play has and the amount of the win. The symbols, how a player can win and the value of that prize is specific to each game.

Game Details

Cost:	$1, $2 or $3 - depending on game
Total Tickets per Deal:	144,000
Where to Play:	Veteran and fraternal clubs
Top Prizes:	$200-$600
Number of Winners Per Day:	59,956

This game has 15 play spots, 14 play symbols, and four special features: MO' Money Feature, Gadget Wild Column, Match 'n Pull Feature, and Multi-Tab Feature. There are 25 lines for combinations of play symbols to qualify as winners.

The minimum purchase price is $1.00 and the maximum purchase price is $2.00.
All wins are scaled proportionately according to the player-selected purchase price.

All special feature awards will be won using the same purchase price as the initiating game.

All available purchase prices activate all 25 lines to win.

All wins must begin on the first column on the left and pay left to right on adjacent columns only, except wins. All wins must be on a payline, except for wins. Only the highest winner is paid per payline except wins which are added to the payline wins.

Numbers, Prizes & Drawings

How to Claim Cash Prizes

Finding Winning Numbers

Winning numbers can be found by:

- Visiting the Lottery's website, MOLottery.com;
- Using Check-A-Ticket machines and terminals at Lottery retailers;
- Downloading the Missouri Lottery app in the App Store or Google Play;
- Asking a retailer for a Winning Numbers Report;
- Becoming a *My Lottery* member at MOLottery.com and signing up to receive winning numbers via email;
- Calling the Lottery's hotline number 573-751-1111 or regional office (see phone number list on page 11).

Claiming Cash Prizes

Missouri Lottery retailers may be able to redeem prizes up to $600. Players can also redeem prizes through the mail. In-person claims for prizes over $600 are handled by appointment only at Missouri Lottery offices.

Powerball, Mega Millions or Cash4Life jackpot/top-prize winners must present the winning ticket at Missouri Lottery Headquarters in Jefferson City to validate and claim their prize. MO Millions and Show Me Cash jackpots and Scratchers top prizes can be claimed at any Lottery office.

If a prize is more than $600, the winning ticket must be accompanied by a completed claim form and a W-9 form, which are available at MOLottery.com, Lottery offices and at Lottery retailers. Winning tickets must have a name, address, telephone number and signature to be redeemed.

Mail winning tickets to:

Missouri Lottery
Ticket Redemption
P.O. Box 7777
Jefferson City, MO 65102-7777

Players have exactly 180 days from a Scratchers game's official end date to claim a prize or exactly 180 days from the last winning draw date on a Draw Games ticket to claim a prize. Official Scratchers game end dates can be found at MOLottery.com.

Taxes

The Lottery withholds 4% Missouri state taxes on prizes of more than $600 and an additional 24% federal tax for prizes more than $5,000. Depending on a player's income situation, they may owe additional taxes or receive a refund. A W-2G form is printed on check stubs for prizes of $600 or more.

Missouri Lottery Drawings

The Lottery's current computerized drawing system, which was implemented on July 20, 2020, uses technology to select the numbers for in-state Draw Games.

The computerized system, named Origin (manufactured by Smartplay International, Inc.), is housed in a secure draw room in Jefferson City. These draw systems are not connected to the Internet or any other network source. The room has no other data lines from which to send or receive information.

The system is operated by a Lottery employee Draw Manager in the presence of an Independent Auditor. The system is designed to draw games in "Game Sets," which include all games to be drawn at either the Midday or Evening draw time. Each Game Set may only be drawn once per day and only within specific timeframes.

Only designated Missouri Lottery drawing personnel and an Independent Auditor are allowed in the room during a drawing. Every drawing is monitored by special motion-activated video cameras which videotape every action on the draw computers and in the drawing room.

Access to this room is further limited by secure keypad access that allows only designated draw personnel to enter the room. Furthermore, the Origin System used to draw the numbers is randomly selected from one of two identical systems prior to every draw. These systems require user-specific usernames and passwords. Consequently, only designated draw personnel will be able to log in to the system to perform any drawing. In addition to the motion-activated video cameras in the draw room, all activity on the Origin System is electronically logged.

The Origin System continuously tests its Random Number Generators (RNGs) to ensure they are operating within acceptable parameters. These RNGs are connected to the system via the Random Number Server (RNS), which is not physically accessible to Missouri Lottery employees or the Independent Auditor as it is housed in a locked chassis. An alarm system connected to this locked chassis will alert the Origin System if it detects a physical intrusion, and will lock the system down.

Gaming Laboratories International certified the Origin System's equipment, components, and computer software which created "checksum" values providing the underlying security of the drawings. Before each drawing, these checksums are verified by both the Draw Manager and the Independent Auditor to confirm the continued integrity of the system's software.

Lastly, the Origin System maintains logs and tables of data traffic and activity as it occurs. With this information, Missouri Lottery Security personnel are able to "reconstruct" any drawing that has taken place to confirm its validity.

MOLottery®

Winner Information

Winner Information and Unclaimed Prizes

Winner Information

During FY25 (July 1, 2024 to June 30, 2025) more than 210,000 winning tickets were sold EVERY DAY. In total, players won more than $1.1 billion during the fiscal year, bringing the total overall total won by Missouri Lottery players to more than $22.2 billion in overall prizes.

In FY25:

•38 life-changing prizes ranging from $1 million to $893.7 million were won in Missouri (totaling more than $977 million)

- o 21 Scratchers players won prizes ranging from $1 million to $5 million
- o 6 Lotto players won between $1 million and $5.2 million
- o 7 Mega Millions players won $1 million prizes
- o 3 Powerball players won $1 million prizes
- o 1 Cash4Life players won $1 million prizes
- o 59 Show Me Cash players won between $50,000 and $1.228 million
- o 55 Powerball players won between $50,000 and $250,000

The Missouri Lottery loves to celebrate winners. However, that celebration does not include winners' names without prior written consent, in accordance with §313.303 RSMo. As a result, the names of Lottery winners, including promotional winners, are no longer available at MOLottery.com or via our mobile app.

The Typical Missouri Lottery Player:

The average Missouri Lottery player is a 51.4 year-old Caucasian employed female that is a high school graduate with some college education and an average income of just over $60,000.

Unclaimed Scratchers Prizes

Scratchers players can view and compare unclaimed prize information for all active Scratchers games at MOLottery.com and on the Missouri Lottery app.

Since many different games can be offered at one time, Scratchers players can sort the list by ticket price. Once the page reloads, the list will be reorganized with all the games at that price point for each comparison.

Game details provide the following: all prize levels listed for that game and corresponding unclaimed prize information, total cash prizes won and unclaimed for that game, how-to-play instructions, a graphic of the game ticket and average chances of winning a prize in that specific game. Unclaimed prize information is updated daily.

Unclaimed Prizes

Unfortunately, some players don’t realize they have won a Missouri Lottery prize. Sometimes tickets are mistakenly thrown away, a redemption deadline lapsed or a simple error was made when looking at the ticket. Whatever the reason, approximately 1% of sales will be reflected in unclaimed prizes each year.

Currently, unclaimed prize money is transferred to the Lottery Proceeds Fund to benefit public education. Prior to fiscal year 2001, unclaimed prize money was returned to players as prizes and promotions.

The largest Missouri prize to go unclaimed was a Lotto prize worth $3.5 million from the Nov. 12, 2016, drawing. That ticket was sold at Hermann Fuel Mart, 115B Highway 19, in Hermann. Another Lotto jackpot worth $1.7 million from the Feb. 20, 1999, drawing previously expired.

Retailers

Retailer Information

Retailer Information

There are approximately 4,800 retailers currently licensed to sell Missouri Lottery products across the state. Lottery retailers have earned more than $2 billion in commissions, incentives and bonuses since Lottery sales began in 1986.

How Retailers Benefit

- Lottery retailers who sell Draw Games and Scratchers tickets earn 5 cents for every $1 in products sold.
- Lottery retailers can receive a bonus equal to 2% of the total amount of the prize up to $600 that they redeem if they meet certain game and sales criteria.
- Lottery retailers will earn a 5% commission for selling a Draw Games as Gifts coupon and a 5% commission for redeeming a Draw Games as Gifts coupon.
- Lottery retailers receive a $50,000 bonus for selling a winning Powerball jackpot ticket.
- Lottery retailers receive a $50,000 bonus for selling a winning Mega Millions jackpot ticket.
- Lottery retailers receive a $5,000 bonus for selling a winning MO Millions jackpot ticket.
- Lottery retailers receive a $1,000 bonus for selling a winning "Match 5" second-tier prize on a Powerball or Mega Millions ticket.
- Lottery retailers receive a $1,000 bonus for selling a Cash4Life ticket worth $1,000 a day for life.
- Lottery retailers receive a $1,000 bonus for selling a Cash4Life ticket worth $1,000 a week for life.
- Lottery retailers receive a $500 bonus for selling a winning Show Me Cash jackpot ticket.
- Lottery retailers who sell a winning Club Keno ticket of $10,000 or more receive a selling bonus equal to 1 percent of the prize.
- Lottery retailers can participate in Lottery sales contests that offer cash, trips and merchandise prizes.
- Lottery retailers receive continuous support with in-store visits from sales representatives and weekly or bi-weekly calls.

Becoming a Retailer

To become a Missouri Lottery retailer, contact the nearest Lottery regional office. Qualifying criteria must be met:

- Must have a Missouri sales tax license;
- Must not be in business solely to sell Missouri Lottery tickets;
- Must not have any felony convictions or any convictions involving bookmaking, illegal gambling, fraud or misrepresentation;
- Must not be delinquent in the payment of any debt to the state of Missouri;
- Must fill out an application with the Missouri Lottery;
- May be required to be licensed as a probationary retailer in order to sell any Lottery products. If approved by the Lottery, pay a first-year fee of $75 with a yearly renewal fee currently set at $50;
- Must agree to electronic funds transfers (EFTs) for licensing/bond fees and ticket invoices.

In most cases, once an application is received by Lottery Retail Operations and no problems are encountered during processing, a retailer can be licensed and ready for ticket orders within seven to 14 working days.

Retailer Information

Under the Code of State Regulations, Division 40 Missouri Lottery, Chapter 40, Retail Sales Licenses 12 CSR 40-40.090 Eligibility for Licenses, anyone who meets the following criteria are NOT eligible to sell Missouri Lottery tickets:

- Has been convicted of a felony
- Is or has been a professional gambler or gambling promoter
- Has been convicted of bookmaking or any other form of illegal gambling
- Has been convicted of a crime involving fraud or misrepresentation
- Has purchased a federal tax stamp for wagering or gambling activity
- Has been convicted of, or pleaded *nolo contendere*, to any illegal gambling activity
- Has had a retail license to sell Lottery tickets revoked by the commission
- Is an employee of the commission or a spouse, child, brother, sister or parent of an employee of the commission or a commissioner
- Is under the age of 21
- Is a Lottery contractor or Lottery vendor or has direct interest in any lottery contractor or vendor. For purpose of this sub-section, a direct interest shall mean a 10% or greater interest by shares or percentage of partnership in any Lottery contractor or vendor
- Owes any debt to the state of Missouri. For purposes of this sub-section, the state of Missouri shall not include any city or county

Under the regulation, a person is defined as any natural person, firm, corporation or other legal entity possessing a Missouri Department of Revenue retail sales tax license, as provided by law. For purposes of licensing, "person" refers to the principal owner of a sole proprietorship, principal partner(s) of a partnership, manager of the Lottery account within a corporation or a limited liability company, and top two officers of a non-profit organization.

Retailer Connection and Retailer Portal

The Missouri Lottery produces a monthly retailer newsletter called the *Retailer Connection*. Each edition of the printed publication contains information, including new Scratchers tickets, promotions, security information, sales tips, Lottery updates, responsible gaming information, a monthly calendar, and monthly beneficiary contributions update.

The Retailer Portal is a free website (retailer.molottery.com) that provides secure access to retailers' account information, marketing materials, location-specific historical sales, education proceeds based on a location's sales, as well as recent issues of the *Retailer Connection*.

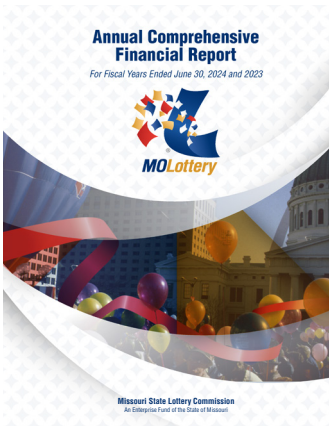
Annual Comprehensive Financial Report

Each fiscal year, the Missouri Lottery compiles a thorough presentation of the organization's financial condition, known as the Annual Comprehensive Financial Report. This detailed report includes four sections – introductory, financial, statistical and compliance – which outline the Lottery organization, its business practices, financial expenditures and disclosures. An independent audit report is also included in the Annual Comprehensive Financial Report.



Where Do Missouri Lottery Proceeds Go?

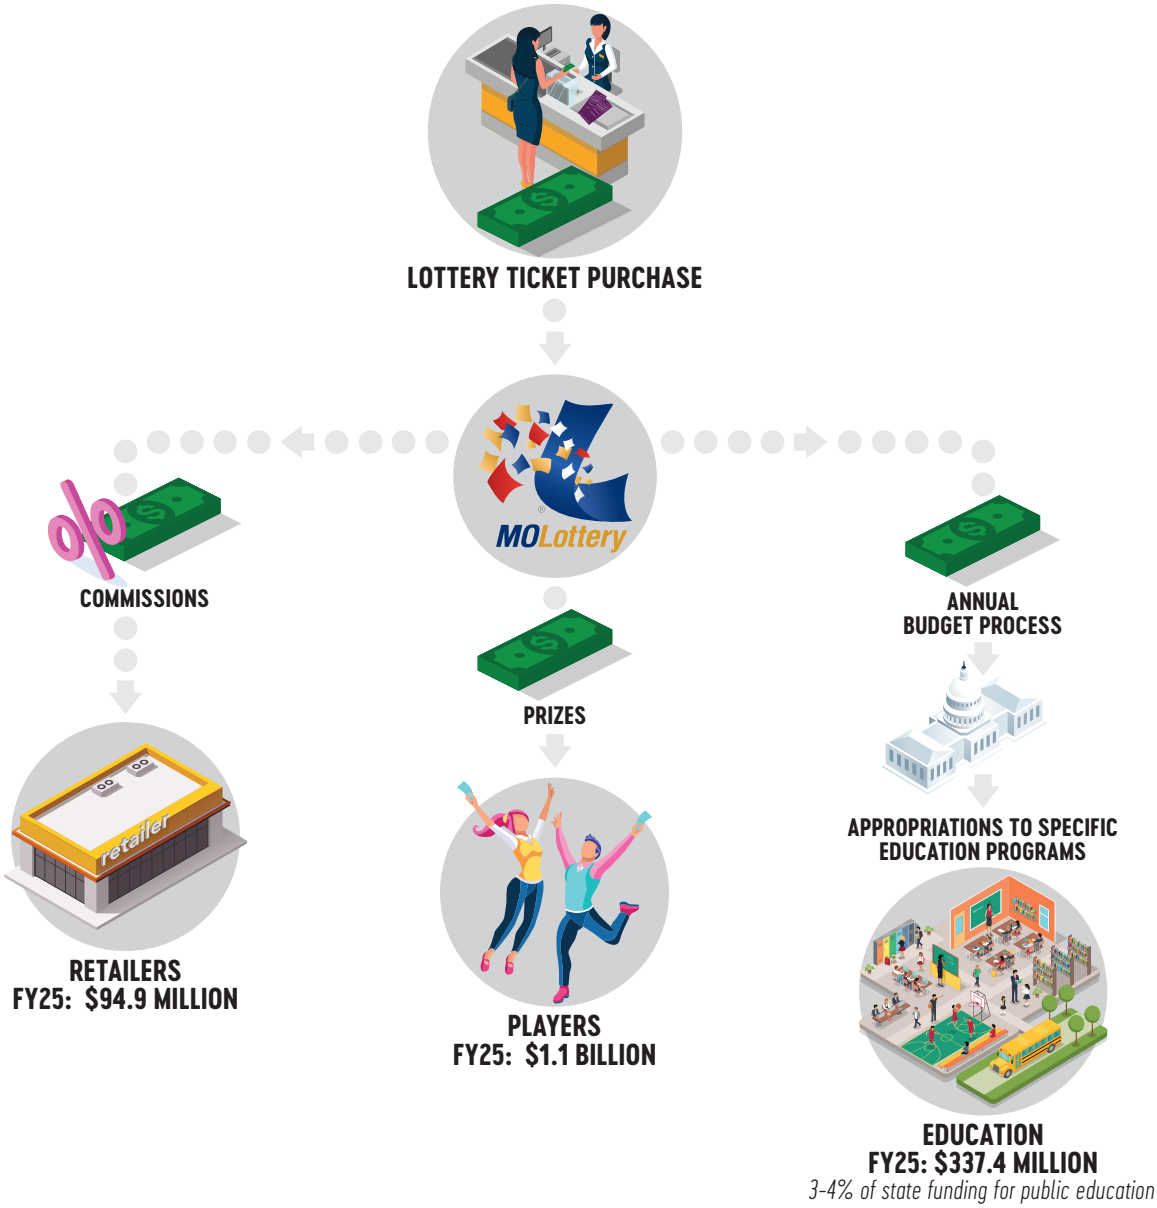
Fiscal Year Results:

Missouri Lottery net profits resulted in more than $337 million for public education in FY25.

How Proceeds are Allocated:

When the Lottery began in 1986, proceeds from ticket sales went to the Missouri State General Revenue Fund. In August 1992, voters passed Amendment 11 earmarking Lottery proceeds to solely benefit public education. Each year, the Missouri Legislature determines how these proceeds will be allocated. The proceeds represent about 3-4% of the total funding for Missouri's public elementary, secondary and higher education systems.

Lottery funds help support a variety of programs including the Foundation Program, Transportation Costs, Virtual Schools, Special Education Excess Costs, and operating costs at colleges and universities. These programs and others that receive Lottery money provide the resources that help Missouri students fulfill their individual dreams – dreams that define Missouri's future and ultimately benefit all Missouri residents.



FY26 Missouri Lottery Appropriations

Since 1986, the Missouri Lottery has contributed more than $8.7 billion to the state of Missouri and public education. Annual Lottery contributions comprise 3-4% of the state's funding for public education – an effort shared by local, state and federal governments.

For fiscal year 2026, more than $410 million from Lottery proceeds have been appropriated to Missouri's public education programs by the Missouri Legislature through House Bills 2002, 2003 and 2006 from the Second Regular Session of the 102nd General Assembly. The following is a list of programs that will receive Lottery proceeds.

Missouri Department of Elementary and Secondary Education
$315,215,772

$139,072,360 (3.2% of total program funding)
School Foundation Program

$73,873,102 (19.6% of total program funding)
Transportation

$37,467,000 (54.7% of total program funding)
Career Ladder

$19,590,000 (32.9% of the total program funding)
Special Education Excess Costs

$16,763,770 (4.1% of total program funding)
Classroom Trust Fund

$16,548,507 (7% of the total program funding)
Early Childhood Special Education Program

$5,000,000 (65% of the total program funding)
Residential Placements

$4,311,255 (19.7% of total program funding)
Performance-Based Assessment Program

$1,400,000 (2% of the total program funding)
Vocational Rehabilitation Program

Some programs may be subject to budget withholdings.

FY26 Missouri Lottery Appropriations

$800,000 (100% of total program funding)
Teacher Recruitment & Retention State Scholarships

$389,778 (66.1% of total program funding)
Virtual Schools

Some programs may be subject to budget withholdings.

FY26 Missouri Lottery Appropriations

Missouri Department of Higher Education
$95,233,585

The following Lottery proceeds are used to fund salaries, equipment and library purchases and institution-based student financial aid at each of the public higher education institutions.

$46,842,748 (9% of total state funding)
University of Missouri campuses (Columbia, Kansas City, St. Louis and Rolla)

$10,489,991 (5.7% of total state funding)
Community Colleges

$9,670,119 (8.4% of total state funding)
Missouri State University, Springfield

$6,050,959 (8.9% of total state funding)
University of Central Missouri, Warrensburg

$4,935,757 (8.7% of total state funding)
Southeast Missouri State University, Cape Girardeau

$4,576,165 (8.8% of total state funding)
Truman State University, Kirksville

$3,342,740 (8.7% of total state funding)
Northwest Missouri State University, Maryville

$2,431,511 (7.6% of total state funding)
Missouri Southern State University, Joplin

$2,394,327 (8.7% of total state funding)
Missouri Western State University, St. Joseph

$1,814,072 (4.9% of total state funding)
Lincoln University, Jefferson City

$1,148,979 (8.5% of total state funding)
Harris-Stowe State University, St. Louis

$1,000,000 (14.9% of total state funding)
Fast-Track Workforce Incentive Grant Fund

$536,217 (5.6% total state funding)
Linn State Technical College of Missouri,

Some programs may be subject to budget withholdings.

FY26 Missouri Lottery Appropriations

Missouri Department of Agriculture
$360,000

The following Lottery proceeds are used to fund expenses, grants, refunds and distributions of the Department of Agriculture.

$360,000 (100% of total state funding)
Veterinary Student Loan Payment Fund

Some programs may be subject to budget withholdings.

MOLottery®

Programs

Missouri AMBER Alert

In the fall of 2001, the National Center for Missing & Exploited Children (NCMEC) launched the AMBER Alert – America's Missing: Broadcast Emergency Response – nationwide. The goal of the program is to assist cities and towns across the U.S. with creating their own emergency alert plan.

In May 2005, Missouri joined the AMBER Alert Web portal, a nationally connected communication system to help ensure the safety and rescue of missing children.

The Missouri AMBER Alert program is a statewide program designed by the Missouri Department of Public Safety to inform the public of the most serious child-abduction cases. The Missouri Lottery partners with other state and private organizations to communicate the Alerts and utilizes its various communication channels to disseminate AMBER Alert messages to approximately 4,700 retailers and thousands of Lottery players through its social media channels.

How Does Missouri AMBER Alert Work?

Once law enforcement has been notified about an abducted child, they must first determine if the case meets the activating Missouri AMBER Alert criteria:

- Law enforcement officials confirm that a child has been abducted;
- Law enforcement officials believe that the child could be in serious imminent danger; and
- There are sufficient details concerning the abduction to make a public alert useful.

If these criteria are met, Alert information must be put together for public distribution. The information can include descriptions and pictures of the missing child, the suspected abductor, a suspected vehicle and any other information available and valuable to identifying the child and suspect.

The Missouri Lottery's Role

Missouri Lottery retailers and players are in a unique position to help spot missing children. In the event of a Missouri AMBER Alert, the alert message will be broadcast on monitors in retail locations. When possible, this message will also appear on all Draw Games tickets, and the Lottery will publicize the alert on our social media accounts.

Similar to the Missouri AMBER Alert for missing children, the Missouri Lottery also helps disseminate information whenever a Blue Alert is issued. Blue Alerts provide details about violent offenders who have killed, seriously injured, or pose an imminent and credible threat to law enforcement. In the event of a Missouri Blue Alert, the Lottery uses terminal messages, monitor signage and Draw Games tickets at retail when possible to get news out quickly.

Missouri Blue Alert

In 2015, Congress passed the Rafael Ramos and Wenjian Liu National Blue Alert Act, named in honor of two New York City police officers killed in an ambush attack on Dec. 20, 2014. The Act establishes a voluntary nationwide system to give police an early warning of threats against police officers and to aid in the apprehension of suspects who have killed or seriously injured an officer. In 2016, the Office of Community Oriented Policing Services (COPS Office) was asked to implement the Blue Alert Act and establish a National Blue Alert Network.

Blue Alerts provide for rapid dissemination of information to law enforcement agencies, media, and the public about violent offenders who have killed, seriously injured, or pose an imminent and credible threat to law enforcement. Blue Alerts can be transmitted via wireless devices and through the Emergency Alert System (EAS). The National Blue Alert Network works to encourage, enhance, and integrate Blue Alert plans throughout the United States.

The Missouri Blue Alert program originally began Aug. 28, 2017, and the Missouri Highway Patrol placed information about the program on their website.

How Does Missouri Blue Alert Work?

- All Missouri law enforcement agencies are notified through an email alert.
- Broadcasters and media are notified.
- The public will receive a Wireless Emergency Alert (WEA) message on their cell phone.
- The Missouri Department of Transportation will be notified to activate message signs, if practical.
- The Missouri Lottery will be notified to activate message signs, if practical.

The Missouri Lottery's Role

Missouri Lottery retailers and players are in a unique position to help spot missing children. In the event of a Missouri AMBER Alert, the alert message will be broadcast on monitors in retail locations. When possible, this message will also appear on all Draw Games tickets, and the Lottery will publicize the alert on our social media accounts.

Similar to the Missouri AMBER Alert for missing children, the Missouri Lottery also helps disseminate information whenever a Blue Alert is issued. Blue Alerts provide details about violent offenders who have killed, seriously injured, or pose an imminent and credible threat to law enforcement. In the event of a Missouri Blue Alert, the Lottery uses terminal messages, monitor signage and Draw Games tickets at retail when possible to get news out quickly.

Responsible Gaming

Responsible Gaming Program

With many things in life, there are people who have problems with moderation. Gaming is no exception.

Missouri Lottery

The Missouri Lottery employs a Responsible Gaming Coordinator to manage the Lottery's Responsible Gaming program and oversee all related initiatives. The Responsible Gaming Coordinator chairs the Lottery's internal committee and serves on other state, regional and national committees that work to raise awareness of problem gambling and safe gaming practices.

Responsible Gaming Mission:

18+ Play | Responsibly

As a gaming entity, the Missouri Lottery recognizes that while the vast majority of Lottery players gamble responsibly, a small number of Lottery players can experience personal, financial and social difficulties due to playing Missouri Lottery games. Therefore, it is the responsibility of the Missouri Lottery to promote responsible gaming, use responsible gambling best practices and promote the availability of problem gambling treatment.

What is Responsible Gaming?

Responsible gaming involves practices to ensure gambling remains a form of entertainment. These practices include understanding the chances of winning, setting a budget on the amount of money and time spent on gambling, taking breaks to prevent excessive gambling and only gambling with money you can afford to lose.

What Is Problem Gambling?

Problem gambling is a behavior disorder which affects up to 5% of gamblers, in which an individual has an uncontrollable urge to gamble. Similar to nicotine or alcohol addiction, problem gambling is a progressive addiction characterized by increasing preoccupations with gambling, a need to bet more money more frequently, "chasing" losses, restlessness or irritability when attempting to stop, and a loss of control. These characterizations are manifested by a continuation of the gambling behavior in spite of any mounting psychological, physical, social, vocational and financial consequences.

How to Recognize Problem Gamblers:

- Frequently thinks about past gambling experiences, future plans or how to get money for gambling;
- Needs to increase spending to reach a high level of excitement;
- Has failed at stopping or controlling gambling;
- Becomes restless and/or irritable when trying to cut back or stop gambling;
- Gambles to escape problems and to feel better;
- Frequently returns to "get even" after experiencing losses (chasing one's losses);
- Hides or minimizes the amount of time and money spent on gambling activity;
- Has problems with job, school and/or relationships;
- Relies on others to help out financially.

Responsible Gaming Program

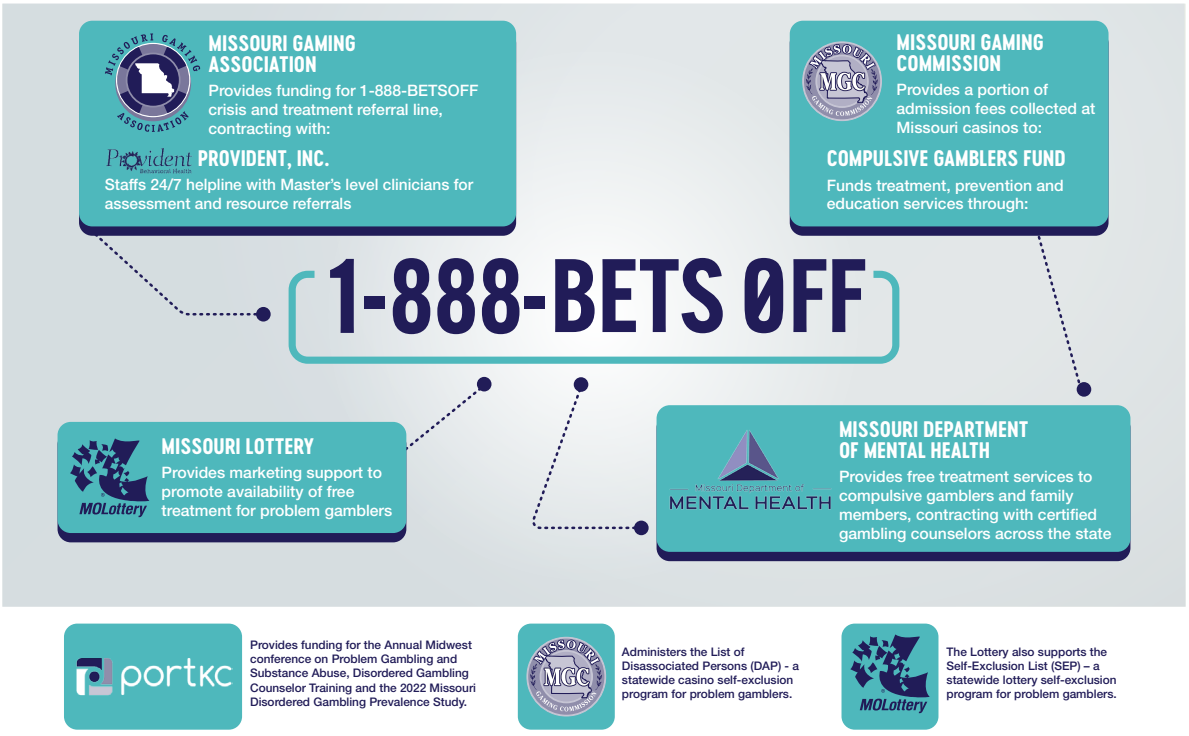
How To Get Help:

The first step in overcoming a compulsive gambling disorder is admitting there is a problem. If you or a loved one have a problem with gambling, help is available.
When you call the 24-hour toll-free help line, trained staff at the Provident Behavioral Health will refer you to free resources in your area.

Missouri Alliance to Curb Problem Gambling

The Missouri Lottery is a founding member of the Missouri Alliance to Curb Problem Gambling (often referred to as "the Alliance"). Created in 1997, the Alliance is a partnership between the Missouri Lottery, Missouri Gaming Association, Missouri Department of Mental Health, Missouri Gaming Commission, Port Authority of Kansas City and recovery community representative. The Lottery's Responsible Gaming Coordinator serves as the secretary for the Alliance. The Lottery's Communications Manager is also a member of the Alliance. The purpose of the Alliance is to educate Missourians on the potential characteristics and dangers of problem and compulsive

MACPG
Missouri Alliance to Curb Problem Gambling



gambling, to refer compulsive gamblers and their family and friends to free resources through a toll-free helpline, website and email address, to prevent underage play and to promote responsible gaming. Awareness efforts also include billboards, brochures, posters, social media posts and public service announcements provided by the Missouri Lottery.

- Toll-free helpline - 1-888-BETSOFF (1-888-238-7633)
- Website - 888betsoff.org
- Email address - freehelp@888betsoff.org

Responsible Gaming Program

Midwest Conference on Problem Gambling and Substance Abuse

The Missouri Lottery is a member of the Midwest Conference on Problem Gambling and Substance Abuse (MCPGSA), a committee comprised of addiction specialists, problem gambling program coordinators and organizations throughout a six-state region: Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma. The annual conference hosts speakers and participants working within the fields of addiction, mental health and clinical treatment from throughout the country. The Lottery's Responsible Gaming Coordinator serves as a contributor to the conference's planning committee.

North American Association of State and Provincial Lotteries

The Lottery's Responsible Gaming Coordinator has served as a member of the North American Association of State and Provincial Lotteries (NASPL) Responsible Gaming Committee. The delegation exists to develop and promote programs to contribute towards the progression of responsible gaming in all lottery organizations.

In FY17, the Missouri Lottery became one of the first NASPL-member lottery organizations to receive the "Implementation Level" certification. The distinction was awarded through a joint verification process with NASPL and the National Council on Problem Gambling (NCPG). Since FY20, the Lottery has maintained the highest "Sustaining Level" certification for its responsible gaming program.

World Lottery Association Certification

In FY19, the Missouri Lottery became one of the first eight U.S. lotteries to attain the World Lottery Association's (WLA) Level 4 certification under the responsible gaming framework. The designation is the most prestigious of its kind within the lottery industry and signifies the Lottery's dedication to continuous improvement. To qualify, applying lotteries must demonstrate a commitment to corporate social responsibility and that responsible gaming exists at all levels of operation as demonstrated through 10 program elements. These elements include:

1. Research
2. Employee Program
3. Retailer Program
4. Game Design
5. Remote Gaming Channels
6. Advertising and Marketing Communications
7. Player Education
8. Treatment Referral
9. Stakeholder Engagement
10. Reporting and Measurement

The Missouri Lottery was recertified at Level 4 in FY22 and submitted its latest recertification application in the fall of FY25. The Lottery previously earned the Level 3 certification in FY14 — the sixth U.S. lottery to do so — and was one of the first U.S. lotteries to achieve a Level 2 certification in FY13 — and was one of the first U.S. lotteries to achieve a Level 2 certification in FY13.

Responsible Gaming Program

Gift Responsibly Holiday Campaign

Missouri Lottery participates in an annual holiday awareness campaign organized by the National Council on Problem Gambling (NCPG) and supported by the North American Association of State and Provincial Lotteries (NASPL). Each year, lotteries and community organizations from around the world participate in the program and educate communities about the dangers of gifting lottery tickets to children and raise awareness about the risks of youth gambling.

Way to Play!

In 2022, the Missouri Lottery launched the "Way to Play!" player campaign. The campaign's guiding principle is that the key to enjoying lottery games is knowledge. The more a player knows about how our games work and the chances of winning, the more likely they are to enjoy responsible play.
In the years since, the campaign has included a video series and maintained a growing social media presence.

Self-Exclusion Program (SEP)

The Missouri Lottery's Voluntary Self-Exclusion Program (SEP) is a responsible gaming resource for players who classify themselves as problem gamblers to reduce the incentive to play Lottery games. Introduced on Aug. 1, 2013, individuals who enter into the SEP are prohibited from claiming prizes of more than $600, accessing the *My Lottery*® Players Club and from receiving Lottery-generated emails and marketing communications.

Individuals wishing to opt in to the program can find the SEP application at MOLottery.com under the "Play Responsibly" page. Applications can also be obtained when visiting a Lottery office or through the mail. Individuals should sign, notarize, then submit agreements to the Lottery. In the agreements, players acknowledge they are voluntarily applying to be a part of the program for life. Completed and notarized forms can be mailed to the Lottery at: Missouri Lottery, Attn: Responsible Gaming Coordinator, P.O. Box 1603, Jefferson City, MO 65102-1603

Responsible Gaming Program

"DO THE RIGHT THING" Retailer Integrity and Responsibility Program

Each year, the Missouri Lottery's Sales team oversees an annual compliance check with approximately 4,800 Lottery retailers. These checks ensure that the Lottery's retailers are following responsible gaming protocols such as player age confirmation, verification of secure Scratchers tickets storage and having Lottery-provided responsible gaming information readily accessible to players. In FY25, approximately 94% of Missouri Lottery retailers met the standards as outlined in the "Do The Right Thing" program.

Report a Suspected Illegal Gambling Machine

While many electronic gambling machines are generically referred to as Video Lottery Terminals (VLTs), the Missouri Lottery does not currently operate such terminals in the state. Other non-regulated machines widely seen at retail are not affiliated with the Missouri Lottery and may not offer the same standards as the Lottery in prize payout or responsible gaming measures. Additionally, these machines do not provide money for our state education system, as Missouri Lottery sales do.

Suspected illegal gambling machines may be reported anonymously online or by telephone at (573) 526-4080.

FAQs

Frequently Asked Questions

Q. Do Lottery proceeds really go to schools?

A. Yes. All profits – 100% – go to Missouri public education. Annual Lottery proceeds make up approximately 3-4% of the state's funding for public education.

Q. Does the Missouri Lottery offer subscription sales to players?

A. No. Players can purchase Missouri Lottery tickets from a licensed Missouri Lottery retailer.

Q. Can I purchase Lottery tickets online?

A. No. The Missouri Lottery does not currently offer sales via the Internet.

Q. Can I use my debit or credit card to purchase Lottery tickets?

A. Yes. There are no Missouri laws or Lottery policies that prevent the purchase of Lottery products at the counter or Lottery vending machines using debit or credit. The Lottery leaves that up to the discretion of our retail partners. Each retail location is given the freedom to accept (or not accept) debit or credit cards for Lottery purchases, based on their own business goals and guidelines.

Q. Who oversees casinos and bingo games?

A. Casinos and bingo games are not a part of the Missouri Lottery. They are governed by the Missouri Gaming Commission.

Q. Is there a danger of Lottery players becoming compulsive gamblers?

A. Studies show that about 1% - 5% of those who participate in any kind of gambling activity can experience a gambling problem.

Q. How can I become a Missouri Lottery retailer?

A. Only businesses located within the state of Missouri can be Missouri Lottery retailers. Visit retailer.molottery.com to learn more or see page 53 in the Fact Book.

Q. If I win a big jackpot prize or an annuitized Scratchers prize and die before I receive it all, where does the remaining money go?

A. When a winner receiving annuity payments dies, the Missouri Lottery continues to make payments to the winner's estate.

Q. Where can I find past winning numbers?

A. You can find complete lists of past numbers drawn in the "Winning Numbers" section at MOLottery.com. More recent winning numbers can also be found on the Lottery's mobile app or by calling the winning numbers hotline (573) 751-1111.

Q. Why is the cash value of a jackpot only about half of what is advertised? Where does the rest of the money go?

A. The lump-sum cash payment is approximately half of the advertised amount since the Lottery will be giving you the money it would have invested over 29 years (30 graduated payments) for a Powerball jackpot or a Mega Millions jackpot, 29 years (30 payments) for a MO Millions jackpot.

Q. Are the terminals in retail locations and the drawing equipment connected in any way?

A. No. Each drawing machine is self-contained and independent of any other system. See Missouri Lottery drawing information on page. 46 for complete details.

FAQs

Q. Does anyone in Missouri ever win the Powerball jackpot?

A. Out of the 47 lotteries participating in the Powerball game, Missouri ranks second behind Indiana in the number of Powerball jackpot winners with 32.

Q. Can a group of people claim a prize?

A. Yes. Each member will need to complete and submit a claim form.

Q. Can Powerball and Mega Millions players redeem their winnings in any member state?

A. No. Players must redeem their prizes in the same state they bought the tickets.

Q. Since so many people play Powerball and Mega Millions aren't the chances of winning worse?

A. No. No matter how many people play these multi-state games, the chances of winning never change. The chances are based on the amount of number combinations, not the number of players.

Q. If I buy a Quick Pick ticket, can anyone else buy those numbers using Quick Pick?

A. Yes. Quick Pick tickets are generated randomly by the terminal at the retail location, and there is no central computer that is controlling ticket generation. The chances of buying a Draw Games Quick Pick ticket with the same numbers as someone else are the same as the chances of winning the jackpot.

Q. If I should win the jackpot, do I have the option of remaining anonymous to the public and the media?

A. The Lottery does not release names or other personally identifiable information without the written consent of the player. Information about the amount of the prize and where the ticket was purchased will be released.

Q. Where can I hear about top-prize winners in Missouri Lottery games?

A. News releases are posted in the "Media Center" section at MOLottery.com. A map of Missouri marking retail locations where prizes of more than $1,000 were sold is also posted on MOLottery.com each month.

Q. Does anyone know where the winning Scratchers tickets are located?

A. No. Because of strict security measures, no one – including Missouri Lottery employees – knows where winning Scratchers tickets are located. Additionally, the Lottery does not know when a top-prize winning Scratchers ticket is sold until the ticket is redeemed.

Q. Are there fewer Scratchers prizes now?

A. No. The chances of winning Scratchers games continue to improve. In the Lottery's early days, the games only paid out 45% of sales in prizes, the maximum amount allowed by law at the time. Today's Scratchers games pay out an average of 73% of sales in prizes, ranging from 62% in $1 games to 80% in $50 games. Scratchers games have average chances of winning of 1 in 4, ranging from 1 in 4.81 in $1 games to 1 in 2.92 in $50 games.

Terms, Definitions and Abbreviations

1-888-BETSOFF (1-888-238-7633)	The 24-hour toll-free helpline for problem gamblers and their loved ones. When called, callers speak with licensed professionals who connect them with free help. (See also: "Bets Off")
Alchemy3	One of the Lottery's vendors for licensed products. Alchemy3 is headquartered in Roswell, Georgia.
Annuity Option	A method of collecting jackpot prizes in Powerball®, Mega Millions®, Cash4Life®, MO Millions™ and Scratchers® that offer prizes of more than $1 million. This method entitles the winner to receive the prize money in annual or graduated payments that total the advertised prize amount. Annuity options for Powerball® and Mega Millions® jackpots are spread over 30 annual graduated payments, whereas annuity options for MO Millions™ jackpots are paid in 29 annual payments. Cash4Life® payments are guaranteed for a minimum of 20 years. Some Scratchers games may also have annuitized prize options.
Back 3	A Pick 4 play option in which players pick the last three digits in exact order. (See also: "Front 3")
Back Pair	A Pick 3 and Pick 4 play option in which players pick the last two digits in exact order. (See also: "Front Pair")
Bets Off	Missouri's treatment referral program for problem gambling. The program includes the toll-free helpline, 1-888-BETSOFF (1-888-238-7633), the www.888betsoff.org website and freehelp@888betsoff.org email. (See also: "1-888-BETSOFF")
Blitz	A distribution process aimed at delivering new Scratchers® games to retailers on official launch dates. (See also: "MO Money Monday")
Box	A Pick 3 and Pick 4 play option in which players can win if their numbers match in any order.
Bulls-Eye®	Bulls-Eye® is an optional play feature in Club Keno® and MO Millions™ that allows players to increase their winnings by matching the Bulls-Eye® number drawn. The Bulls-Eye® costs an additional $1 per play. (See also: "Club Keno®", "Double Bulls-Eye®" and "MO Millions™")
Brightstar	The Missouri Lottery's Draw Games vendor and alternate Scratchers ticket vendor, based in Providence, Rhode Island.
Cash4Life®	A multi-state Draw Game consisting of 10 members. Sales began in Missouri on April 11, 2021. Drawings are held daily in Trenton, New Jersey. The top prize awards players $1,000 a day for life, and the second-tier prize awards players $1,000 a week for life.
Cash Ball	Cash4Life® players select five numbers between 1 and 60 and one number – the Cash Ball – between 1 and 4. (See also: "Cash4Life®")
Cash Option	A method of paying jackpot prizes in Powerball®, Mega Millions®, Cash4Life®, MO Millions™ and Scratchers® that offer prizes of more than $1 million. This method entitles the winner to receive the prize money in one lump sum. This amount is the amount on hand to pay that prize from the prize fund. It's approximately half of the advertised jackpot amount, minus taxes. Winners have exactly 60 days from the claiming date to select the cash option.

Terms, Definitions and Abbreviations

Cash Pop™	An in-state game in which one "Pop" (number) is drawn in five daily drawings. Sales began on May 22, 2022. Tickets start at $1 per play.
Check-A-Ticket (CAT)	Check-A-Ticket machines are player-activated devices in retail locations that indicate whether a Scratchers® or Draw Games ticket is a winner.
Club Keno®	A Draw Game drawn via computer every four minutes between 5:04 a.m. and 1:52 a.m. daily. Players can win up to $100,000 per $1 ticket per drawing or up to $1 million with add-on features. (See also: "Keno To Go" "Bulls-Eye" "Double Bulls-Eye)
Club Keno Multiplier	An optional play feature in Club Keno® that allows players to increase their winnings by 2, 3, 4, 5 or 10 times, depending on the Multiplier number drawn. The Multiplier costs an additional $1 per play.
Combo	A Pick 3 and Pick 4 play option in which players pick numbers for all possible Straight combinations.
Corporate Sales Manager (CSM)	The Lottery's two Corporate Sales Managers work directly with retail partners and their corporate owners to enhance sales programs.
Customer Care Unit (CCU)	The Lottery's Customer Care Unit is housed under the Sales Division and acts as the front office staff for all four regional offices. These employees answer player and general public inquiries via phone, email and in-person communication. (See also: "Regional Sales Manager")
Diamond Games	The Missouri Lottery's Pull-Tabs vendor based in Los Angeles, California.
Digital Playslip	An electronic form on the Lottery's app on which players mark their number combinations and play options. Once a digital playslip is created, a unique code is generated that retailers can scan to enter wagers. (See also: "Missouri Lottery App" and "Playslip")
District Sales Manager (DSM)	The Lottery's District Sales Managers manage the sales programs within the Lottery's six districts and supervise the Lottery Sales Representatives within their respective districts. (See also: "Lottery Sales Representative" and "Regional Sales Manager")
Do The Right Thing	An annual retailer integrity and responsibility program, which takes place each March and August, designed to promote security and responsibility at retail locations.
Double Bulls-Eye®	An optional play feature in Club Keno® that allows players to increase their winnings by matching either the red or green Bulls-Eye number - or both - drawn. The Double Bulls-Eye® feature costs an additional $2 per play.
Double Play®	An optional play feature in Powerball® and MO Millions™ that allows players to play their numbers in a second drawing. Double Play® drawings are held following the main Powerball® and MO Millions™ drawings. The Double Play® optional play feature costs an additional $1 per play.
Draw Break	The time Draw Games terminals are down prior to each game's draw. (See also: "Draw Games")
Draw Games	Powerball®, Mega Millions™, Cash4Life®, MO Millions, Pick 3, Pick 4, Show Me Cash®, Cash Pop™ and Club Keno® are considered Draw Games.

Terms, Definitions and Abbreviations

Draw Points	One of three possible prizes awarded through a Wheel Spin in the *My Lottery*® Players Club. Once a player meets the entry requirements for an offered Reward, they will earn a Wheel Spin awarding Draw Points, Prize Points or Lottery coupons. Draw Points can be used toward Points for Drawings. (See also: "*My Lottery*® Players Club," "Prize Points" and "Points for Drawings")
Early Bird	The 8 a.m. drawing in Cash Pop™. (See also: "Cash Pop™")
Enterprise Series MultiMedia (ESMM)	A flat-panel advertising monitor in retail locations.
Evening Draw	Pick 3, Pick 4 and Show Me Cash® drawings that occur at 8:59 p.m. each day, as well as MO Millions™ on Wednesdays and Saturdays. (See also: "Midday Draw")
Expansion Retailer	A retail location that has a social environment, such as a convenience store, grocery store or merchandise store, and has seating for at least 15 people located within an existing business, but does not possess a liquor-by-the-drink license. These retailers have a Club Keno® monitor.
EZ Match	Additional $1 play option for Pick 3, Pick 4, Show Me Cash®, Cash4Life®and MO Millions™ Draw Games. If chosen, three to six (depending on Draw Game) EZ Match numbers will print on tickets below players' numbers. If any of the EZ Match numbers match the selected Draw Games numbers (regardless of order), the player instantly wins the prize printed next to it (up to $500).
FailSafe®	A one-step validation barcode located under the play area at the bottom of all Scratchers® tickets printed after July 2014.
Fiscal Year (FY)	The state of Missouri's fiscal year runs from July 1 through June 30. For example: July 1, 2025, through June 30, 2026, is fiscal year 2026 (FY26).
Front 3	A Pick 4 play option in which players pick the first three digits in exact order. (See also: "Back 3")
Front Pair	A Pick 3 and Pick 4 play option in which players pick the first two digits in exact order. (See also: "Back Pair")
Game Touch™	A self-service vending machine that dispenses up to 28 different Scratchers® games and select Draw Games.
General Revenue Fund	From the start of the Missouri Lottery in January 1986 through June 30, 1993, all of the Missouri Lottery's proceeds and profits went into Missouri's General Revenue Fund. (Our proceeds are now earmarked solely for public education)
Graduated Annuity	A method of paying a jackpot prize. If a Powerball® or Mega Millions® jackpot winner chooses an annuitized prize, the annual payments will be increased each year by the percentage set in each game's rules. An annuitized Powerball® or Mega Millions® jackpot prize is paid over 29 years (30 payments).
High-Tier Prize	Prizes of more than $600. These prizes must be claimed by appointment at a Lottery office or by mail. (See also: "Redemption Center")

Terms, Definitions and Abbreviations

Inside Sales Manager (ISM)	The Inside Sales Manager directly manages Inside Sales Team Managers while coordinating the operations of a unit responsible for the promotion of Lottery products at retail accounts statewide. (See also: "ISTM")
Inside Sales Representative (ISR)	The Lottery's Inside Sales Representatives act as the merchandising agents for each retail location, ordering new ticket supply to be delivered to locations that are running low.
Inside Sales Team Manager (ISTM)	The Lottery's Inside Sales Team Manager is responsible for the direct management of Inside Sales Representatives to maintain Scratchers' product and programs statewide. (See also: "ISM" and "ISR")
JackPack	A $10 combination play offering all four Missouri Lottery jackpot games: Powerball®, Mega Millions®, MO Millions™ and Show Me Cash®. When requested, players will receive one Quick Pick ticket for each Draw Game for the next available draw.
Jackpot Reset Promotion	A Powerball® and Mega Millions® promotion that is activated when either jackpot is hit - regardless of which state it is won in. Powerball® players must play three plays on a single $2 ticket and Mega Millions® must play two plays on a single $5 ticket. (See also: "Powerball®" and "Mega Millions®")
Keno Crown Club	An exclusive Missouri Lottery sales achievement club for retailers who have sold more than $250,000 in Club Keno® in a calendar year. Club members are rewarded with one Lottery-hosted store promotion per calendar year.
Keno To Go	Keno To Go is played exactly the same way as Club Keno®, and it offers the same prize structure and game features. It is available at all retail locations. (See also: "Club Keno®")
Late Morning	The 11 a.m. drawing in Cash Pop™. (See also: "Cash Pop™")
Lottery Sales Representative (LSR)	The Lottery Sales Representatives serve as the direct link between the Lottery and each retail location. These employees oversee the majority of in-store point-of-sale placement, sales strategy development, equipment placement and bookkeeping procedures, in addition to facilitating retailer training, education and corrective discussions, among other responsibilities. (See also: "District Sales Manager" and "Regional Sales Manager")
Lottery Vending Machine (LVM)	Machine at retail locations through which Lottery tickets can be purchased, also known as Instant Ticket Vending Machine (ITVM).
Low-Tier Prizes	Prizes of $25 or less. These prizes can be paid by any Missouri Lottery retailer.
Match 5	"Match 5" is the prize level for matching all five white-ball numbers in either Powerball® or Mega Millions®. Both prizes are $1 million.
Matinee	The 3 p.m. drawing in Cash Pop™. (See also: "Cash Pop™")
Matrix	The range of numbers to pick from in a game. The matrix determines the game's chances of winning.

Terms, Definitions and Abbreviations

Mega Ball®	The Mega Ball® number is the second part of the Mega Millions game matrix. Players select five numbers between 1 and 70 and one number – the Mega Ball® – between 1 and 24.
Mega Millions®	A large multi-state Draw Game consisting of 47 members. Drawings are held in Atlanta, Georgia, on Tuesday and Friday nights. Jackpot prizes have ranged from $15 million to $1.6 billion.
Multipler	A built-in feature in Mega Millions® that allows players to increase non-jackpot prizes by 2, 3, 4, 5 or 10 times.
Midday Draw	Pick 3 and Pick 4 drawings that occur at 12:45 p.m. each day.
Middle Pair	A Pick 4 play option in which players pick the second and third digits in exact order.
Mid-Tier Prizes	Prizes between $25.01 and $600. Prizes are paid at retail at retailer discretion. (See also: "High-Tier Prizes" and "Low-Tier Prizes")
Midwest Consortium on Problem Gambling and Substance Abuse (MCPGSA)	The Midwest Consortium on Problem Gambling and Substance Abuse is made up of organizations throughout a six-state region – Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma. MCPGSA is the planning committee for the Midwest Conference on Problem Gambling and Substance Abuse. The Missouri Lottery's responsible gaming coordinator is on the planning committee. (See also: "Responsible Gaming")
Million Dollar Club	An exclusive Missouri Lottery sales achievement club for retailers who have sold more than $1 million in Lottery products in a calendar year. Club members are rewarded with one recognition ceremony, prize box and certificate per calendar year.
Missouri Alliance to Curb Problem Gambling (MACPG or Alliance)	The Missouri Alliance to Curb Problem Gambling is a partnership between multiple mental health, gaming industry and problem gambling treatment organizations and professionals located in Missouri. The Alliance serves to identify the characteristics and dangers of problem gambling and refers individuals to free resources.
Missouri AMBER™ Alert	Missouri AMBER™ Alert is Missouri's statewide program to help find abducted children. Alert messages are dispersed to Lottery retail locations, on Draw Games tickets, electronic signage and the Lottery's social media.
Missouri Blue Alert	Missouri Blue Alert is Missouri's statewide program to help assist in apprehending individuals who have committed acts of violence toward members of law enforcement. Alert messages are dispersed to Lottery retail locations, on Draw Games tickets, electronic signage and the Lottery's social media.
Missouri Lottery App	The Lottery's official mobile app includes a variety of features, including the *My Lottery*® Players Club, Check-A-Ticket technology, ticket scanning for easy entry into promotions, customizable digital playslips and winning numbers. The free app can be downloaded from the App Store or Google Play. (See also: "Check-A-Ticket," "Digital Playslip" and "*My Lottery*® Players Club")

Terms, Definitions and Abbreviations

MO Millions™	The Lottery's in-state Draw Game that includes a built-in Bulls-Eye feature. Jackpot prizes start at $1 million and grow until someone wins. Drawings are held every Wednesday and Saturday night.
MO Money Monday	A program that introduces the newest Scratchers® games at retail locations on the last Monday of each month. Holidays that fall on the last Monday of the month and the introduction of holiday games are not included in MO Money Mondays. (See also: "Blitz")
MOLottery.com	The Lottery's official website is updated regularly with winning numbers, jackpot amounts, remaining Scratchers® prizes, unclaimed Draw Games prizes over $50,000, how-to-play information, historical beneficiary information, winner stories and promotion information. The *My Lottery*® Players Club can also be accessed on the website. (See also: "*My Lottery*® Players Club")
Multi Draw	A Draw Games play option in which players play the same numbers for consecutive drawings.
Multi-State Lottery Association (MUSL)	A multi-state lottery organization that operates Powerball® and other lottery games. MUSL is based in Urbandale, Iowa.
***My Lottery*® Players Club**	A free online account for players to participate in a variety of services and additional opportunities to win at MOLottery.com and on the Missouri Lottery app. By entering eligible Scratchers® and Draw Games tickets, players can earn Rewards including Prize Points, Draw Points and Lottery coupons. Additionally, when players enter tickets into the program, they're also automatically entered into any applicable second-chance promotional drawings. (See also: "Draw Points," "Missouri Lottery App," "Points for Drawings™," "Points For Prizes" and "Prize Points")
Night Owl	The 11 p.m. drawing in Cash Pop™. (See also: "Cash Pop™")
North American Association of State & Provincial Lotteries (NASPL)	The North American Association of State & Provincial Lotteries is a national lottery trade organization headquartered in Concord, Ohio. NASPL consists of 53 lottery organizations throughout North America.
Origin System	Self-contained automated draw machines used to randomly select official winning numbers for Missouri Lottery in-state Draw Games. (See also: "Smartplay")
Pari-Mutuel	A prize that is shared equally among all winners in a prize category.
Pick 3	The Lottery's Draw Game in which players pick three numbers between 0 and 9. (See also: "Midday Draw" and "Evening Draw")
Pick 4	The Lottery's Draw Game in which players pick four numbers between 0 and 9. (See also: "Midday Draw" and "Evening Draw")
Playslip	A small slip of paper on which players mark their number combinations and play options; retailers can use the playslips to enter wagers. (See also: "Draw Games" "Digital Playslip")
Play Center	Lottery stands located in retail locations to house Lottery playslips, brochures and promotional information.

Terms, Definitions and Abbreviations

Play It Forward®	Play It Forward® is a branding campaign introduced in 2012 showcasing the Missouri Lottery's contributions to public education.
Points for Drawings™	Allows *My Lottery*® members to use accumulated Draw Points to "purchase" entries into promotional drawings for prizes like gift cards. (See also: "Draw Points" and "*My Lottery*® Players Club")
Points For Prizes Rewards Program	Allows *My Lottery*® members to use accumulated Prize Points to redeem them for a variety of digital prizes, such as Lottery coupons and gift cards. (See also: "*My Lottery*® Players Club" and "Prize Points")
Pollard Banknote	One of the Missouri Lottery's Scratchers® vendors. Pollard Banknote is based in Winnipeg, Canada.
Pop	A Pop is a number played in the game Cash Pop™. (See also: "Cash Pop™")
Powerball®	A large multi-state Draw Game consisting of 48 members. Drawings are held in Tallahassee, Florida, on Monday, Wednesday and Saturday nights. Jackpot prizes have ranged from $20 million to $2.04 billion. (See also: "Double Play®")
Power Play®	An optional play feature in Powerball® that allows players to increase non-jackpot prizes by 2, 3, 4, 5 or 10 times by using this wager option. Power Play costs an additional $1 per play.
Prime Time	The 7 p.m. drawing in Cash Pop™. (See also: "Cash Pop™")
Prize Points	One of three possible prizes awarded through a wheel spin in the *My Lottery*® Players Club. Once a player meets the entry requirements for an offered Reward, they will earn a wheel spin awarding Prize Points, Draw Points or Lottery coupons. Prize Points can be saved and used towards Lottery coupons, gift cards or digital downloads. (See also: "Draw Points," "*My Lottery*® Players Club" and "Points For Prizes")
Problem Gambling	A behavior disorder in which an individual has an uncontrollable urge to gamble despite psychological, physical, social, vocational and financial consequences. Similar to nicotine or alcohol addiction, problem gambling is a progressive addiction characterized by increasing preoccupations with gambling, a need to bet more money more frequently, restlessness or irritability when attempting to stop, "chasing" losses and loss of control. (See also: "Bets Off" and "Responsible Gaming")
Progressive Jackpot	An additional prize for Club Keno® players who play the 6-, 7- and 8-Spot games. There is no additional charge for this feature, and the jackpot will be pari-mutuel with all 6-, 7- and 8-Spot winners in that drawing. If the progressive jackpot is not won in a drawing, it will continue to grow until it is won.
Provident Behavioral Health	A counseling organization located in St. Louis that oversees Life Crisis Services call center. Provident Life Crisis Services serve as the 24-hour call center for the 1-888-BETSOFF helpline. (See also: "Bets Off" and "Problem Gambling")
Pull-Tabs	A modern instant ticket vending machine that dispenses pre-printed Pull-Tabs tickets, while displaying results on the dispenser's monitor.

Terms, Definitions and Abbreviations

Pull-Tabs Platinum Club	An exclusive Missouri Lottery sales achievement club for retailers who have sold more than $250,000 in Pull-Tabs in a calendar year. Club members are rewarded with one Lottery-hosted store promotion per calendar year.
Quick Pick (QP)	A function on Lottery terminals that selects Draw Games number combinations at random for players.
Redemption Centers	The four Missouri Lottery offices where prizes greater than $600 can be redeemed by appointment are located in Jefferson City, Kansas City, Springfield and St. Louis.
Regional Sales Manager (RSM)	The Lottery's Regional Sales Managers oversee the sales programs for the Lottery's three regions: St. Louis, Mid-State and Kansas City. Regional Sales Managers supervise the District Sales Managers, Lottery Sales Representatives and the Customer Care Units for their respective regions. (See also: "District Sales Managers," "Lottery Sales Representatives" and "Customer Care Units")
Responsible Gaming (RG)	The act of an individual making informed decisions about their participation in gambling activities in ways that align with the individual's personal limitations while also minimizing the potential harm caused by problem gambling. (See also: "Problem Gambling" and "Way to Play!")
Retailer Connection	The retailer newsletter published every month.
Retailer Portal	A free website (retailer.molottery.com) that provides secure access to retailers' sales information and other data.
Scientific Games (SG)	The Missouri Lottery's primary Scratchers® and loyalty program vendor based in Alpharetta, Georgia.
Scratchers®	The registered name of the Missouri Lottery's instant-win products.
Second Chance of a Lifetime	A player promotion which takes place during summer and holiday seasons. Players enter eligible Scratchers® and Draw Games tickets into their *My Lottery*® account for entries into drawings, typically awarding once-in-a-lifetime experiences. (See also: "*My Lottery*® Player's Club")
Self-Exclusion Program (SEP)	A responsible gaming resource for players who classify themselves as problem gamblers. Players can opt-in to voluntary lifetime self-ban agreements which prohibit them from claiming prizes of more than $600, or participating in the *My Lottery*® Player's Club. (See also: "Problem Gambling")
Show Me Cash®	An in-state daily pick-five cash Draw Game that replaced SHOW ME 5 Paydown on Sept. 8, 2008. Jackpots have ranged from $50,000 to $1.228 million.
Smartplay	Smartplay International, Inc. manufactures the Origin System, which is used to randomly select official winning numbers for Missouri Lottery in-state Draw Games. (See also: “Origin System”)
Social Retailer	A retail location that has a social environment, like restaurants, bars, fraternal organizations, bingo halls, bowling alleys and other liquor-by-the-drink establishments, and has seating for at least 15 people. These retailers have a Club Keno® monitor.
Spot	A Spot represents how many numbers a player chooses to play in the Club Keno® game. Players may choose to play 1-10 Spots. (See also: "Club Keno®")

Terms, Definitions and Abbreviations

Straight	A Pick 3 and Pick 4 play option. In playing a Straight, a player's numbers must match all three or four numbers drawn in exact order drawn to win.
Straight/Box	A Pick 3 and Pick 4 play option. Straight means the player wins if their numbers match the exact order they are drawn. Box means the player wins if their numbers come up in any order.
Terminal	Machines in retail locations that produce Draw Games tickets. (See also: "Draw Games")
Traditional Retailer	A retail location that does not offer a social environment. These types of locations include convenience stores, grocery stores or general merchandise stores which do not meet the seating requirements to be an "expansion" retailer.
Way to Play!	A Missouri Lottery campaign focused on player education as a way to help players better understand our games and the chances to win, as well as to make responsible choices when gaming. (See also: "Responsible Gaming")
Wild Ball®	Wild Ball® is an optional Pick 3 and Pick 4 play feature that allows players to substitute one of their numbers played with the Wild Ball number drawn, allowing more winning number combinations. Wild Ball costs an additional $1 to play. (See also: "Pick 3" and "Pick 4")
World Lottery Association (WLA)	Headquartered in Basel, Switzerland, WLA is a global gaming association consisting of hundreds of lotteries from more than 80 countries on six continents.
